EAST LIVERPOOL, O., SATURDAY, OCT. 28, 1899.

TWO CENTS

FRANCE IS NEUTRAL

No Ground to Bother England at Present.

KAISER TO REACH ENGLAND NOV. 20.

Official Statement Issued at Paris Denying Intended Franco-Russian Intervention—Many Boers Killed at Mafeking. Fighting About Kimberley.

PARIS, Oct. 28.—An authoritative statement was issued formally denying the rumors of intended Franco-Russian intervention in the Transvaal war and declaring that France has no ground and no desire for any such intervention at present and that Russia is most likely placed in the same position, adding that Germany is the only power directly concerned in the matter.

LONDON, Oct. 28.—The Berlin correspondent of The Daily Mail said:

"All the arrangements have been completed for Emperor William's visit to the queen. His majesty will arrive in England on Nov. 20 and remain at Windsor castle five days, after which he will go to Sandringham for a two day's visit to the Prince of Wales."

LONDON, Oct. 28.—The magistrate at Vryburg is responsible for a report made to Premier Schreiner, at Cape Town, that 513 Boers were killed at Mafeking.

The government has made public the following telegram from Governor Hutchinson, dated Pietermaritzburg, Oct. 26: "The following telegram has been received from Greytown, from D. Greig, a resident of Dundee, formerly in the telegraph service: 'I left Dundee this morning. General Symons died on Monday at 5 p. m. and was buried the following morning, close to the English church, by the Rev. W. Daily. There was a firing party and a few medical officers and a few civilians attended the funeral. There were no Boers. Colonel Eckett, Majors Boulton, Hammersley and Nugent, and also Crum, Johnstone and Ryan are improving. The Boers occupied Dundee Monday afternoon.'"

A special dispatch from Cape Town gave details of the defeat of 700 Boers by the British at Siverdon, north of Kimberley, Wednesday, in which the enemy was completely routed with heavy loss, the British loss being three men killed and 20 men, including two officers, wounded. This is probably the same fight, though a different date is given, as referred to in the Cape Town dispatch of Thursday, in which it was said official reports from Kimberley Tuesday announced that Colonel Scott-Turner, with 270 men, had an engagement with the Boers, during which a detachment of 150 men of the Lancashire regiment distinguished itself and the armored trains did good service. The Boers were unable to withstand the splendid charge of the Lancashires, who cleared the hill occupied by the enemy at the point of the bayonet. The Boer losses are described as very heavy. Colonel Scott-Turner's force consisted of the local volunteers who, with the Lancashires, completed the rout of the Burgheers after Murray's artillery had driven them out of their entrenchments. Botha commanded the Boer force. He was killed. He was a famous fighter.

Before the sortie, Kimberley was apparently in high spirits, as a dispatch from there, dated Oct. 23, says everyone was cheerful there at that time and that a wedding was celebrated there that day. The dispatch adds: "Great enthusiasm has been aroused here by the news of the British successes in Natal. Several farmers in the neighborhood of Kimberley have been noticed in the ranks of the Boers. A letter from Father Rorke said 700 Boers, with 100 wagons, were lagged at Taungs. All the whites have left except the women, who sought refuge in the convent. The Boer commandant has promised to protect them."

The news from the northern border indicates that the Boers are actively trying to prevent Colonel Plumer from relieving Mafeking, hence the absence of news since Pretoria announced the bombardment of the place created considerable alarm.

Belated dispatches from Tuli Fort partially elucidated the situation on the Rhodesian border. It appeared that Colonel Plumer ascertained that all the Zoutpansberg Boers, numbering 700

men, mustered under riet Joubert, at the Brack river, and proceeded to Limpopo river, where they arrived Oct. 16, accompanied by a number of Shangaan and Zoutpansberg Kaffirs, whom they had compelled to take up arms. The British thereupon captured three Kaffir chiefs who are now held as hostages for the good behavior of their tribes.

On Oct. 19 reconnoitering patrols proceeding along the north bank of the river in a westerly direction suddenly encountered a party of Boers in some dense bush on the Rhodesia side of the Limpopo. The patrol retired and the Boers fired, wounding a trooper. Subsequently Captain Glynn, with a patrol, left Tuli with the object of locating the Boer force.

On Oct. 21 a strong Boer patrol was encountered at Rhodes' Drift in a thick bush. A sharp skirmish was the result. Two of the British were killed and two wounded. The Boers had seven men killed and many wounded. The Boers retired to a strong position on a kopje at Pont's Drift.

Major Pilsen, with an ambulance, proceeded to fetch the dead wounded and, while placing the bodies on a cart, the Boers reopened fire, killing two horses, but in spite of the sharp shooting the British succeeded in carrying away their comrades.

The latest dispatch from Tuli, dated Oct. 24, says:

"A Boer patrol crossed the river ten miles above Rhodes Drift twice recently, harrying native women and children. They shot cattle and looted."

During the retreat of General Yule to Ladysmith there were many anxious moments Monday night when the British marched through Van Londeers pass, six miles long, to Biggarsberg. The troops got through the dangerous defile which 50 men could have easily held at 3 o'clock Tuesday morning.

CAPE TOWN, Oct. 28.—According to further advices from Kimberley, the Boers removed their killed and wounded in carts. No reliable estimate of their losses was made. Mr. Rhodes rode out and watched the fight.

The townspeople, including the women, mounted the trenches, watching eagerly for the return of the troops.

Mr. Rhodes is cheerful and gives dinner parties daily, at which luxuries are abundant.

Heroic Action of Eight Boers.

DURBAN, Natal, Oct. 28.—An interesting incident in connection with the Elandsbaagte fight is reported here. When the fire of the British guns became too hot eight Boers ran forward out of cover and, standing together, coolly opened fire at the Imperial Light Horse with the evident purpose of drawing the latter's fire while their comrades retired. Seven out of the brave eight were killed.

Indignation at Dr. Hoffman.

CAPE TOWN, Oct. 28.—Great indignation was caused by the announcement that Dr. Hoffman, a member of the Cape house of assembly, with a party of assistants, was going to the Transvaal to do ambulance work. It was suspected that he would give information to the enemy.

Symons Ordered the Retreat.

LONDON, Oct. 28.—The Daily Telegraph publishes a dispatch from Ladysmith, dated Tuesday, saying in part: "General Symons ordered his column to march back to Ladysmith and, under his instructions, himself and all the wounded were placed in the hospitals at Dundee."

Nullified Free State Proclamation.

CAPE TOWN, Oct. 28.—Sir Alfred Milner, governor of Cape Colony, and W. P. Schreiner, the premier, issued a proclamation declaring null and void the proclamation of the Orange Free State, asserting that a portion of Cape Colony is now Free State territory.

Spies to Be Shot.

DURBAN, Natal, Oct. 28.—(Delayed in transmission)—Many spies have been arrested here and some of them will be shot.

BUILD UP MERCHANT MARINE.

Secretary Long Gives His Reasons For Favoring It.

CLEVELAND, Oct. 28.—Secretary of the Navy Long in a letter to a local paper said he was heartily in favor of the upbuilding of the merchant marine and presented three reasons for favoring the same, as follows:

First—By reason of the financial return which would follow from carrying our constantly increasing exports.

Second—From the increased business it would give our shipyards; and,

Third—Because it would furnish a reserve of seamen upon which the navy could draw in case of war.

THE VISAYAN FALSE

Santiago Had Organized a Revolt at Iloilo.

HE WAS PLACED UNDER ARREST.

One of His Steamers Captured Carrying Supplies to the Rebels—Otis Refused to Confer With Rebels—Lawton's Advance North.

MANILA, Oct. 28.—M. Ruperto Santiago, one of the wealthiest Visayans who had taken the oath of allegiance to the United States, and who posed as a friend of Americans, was arrested at Iloilo, while other Visayans were being watched. The prisoner was charged with organizing a revolutionary junta. Santiago owned sugar estates throughout the island of Negros.

It was asserted that a council of ten and the manager of the junta met daily at Santiago's office for the purpose of engineering an extensive scheme of collections for an insurrection. One of Santiago's steamers was captured carrying supplies to the rebels. His arrest caused rumors of an outbreak of the natives of Iloilo, and precautions were taken to prevent trouble.

A battalion of the Eighteenth regiment and the marines of the gunboat Concord formed an expedition at Concepcion, Northern Palay, which was searching for the Concord's coxswain, who was lured ashore by a white flag and who was supposed to be a prisoner. They found the place deserted and burned every house as a punishment.

WASHINGTON, Oct. 28.—The war department received the following messages from General Otis:

MANILA, Oct. 27.

Adjutant General, Washington:

Insurgent government submitted application to send five commissioners to Manila to arrange difficulties attending release of Spanish sick prisoners and discuss peace conditions. Declined. No negotiations necessary, as we would gladly receive all Spanish prisoners at our lines, welcome them from their cruel captivity and labor for their welfare. Correspondence by mail.

MANILA, Oct. 27.—Lawton's advance under Young, north San Isidro, near Cabanatuan. Established permanent station. Three months' supplies being forwarded by San Juan river route. Lawton meets a little resistance.

Twenty-sixth volunteers and battalion Nineteenth infantry sent to Iloilo.

Transport Tacoma, headquarters, seven companies, Twenty-seventh volunteers, arrived. Casualties, Corporal Henderson, Company C, washed overboard. Two men deserted and seven left sick at Honolulu, of whom Corporal Hunter, G, dead. No other casualties. Command in good health.

Transport Sheridan, Thirty-third volunteers and recruits, arrived. Good condition. One casualty, Private Hulan, Company K, died enroute.

HOT FIGHT WITH REBELS.

Young's Column Encountered Filipinos Strongly Entrenched and Repulsed Them—Two Americans Killed.

MANILA, Oct. 28.—(10 a. m.)—General Young's column, which left San Isidro yesterday morning at daybreak, moving northward in the direction of Santa Rosa, encountered the enemy strongly entrenched just beyond the Tuboatin river.

A brisk fight ensued and the rebels were repulsed. Two Americans were killed and one wounded. Pursuit was impossible on account of the width and depth of the stream.

SWINDLERS GOT \$45,000.

A Washington (Pa.) Bank Hard Touched. Arrests Made In New York.

NEW YORK, Oct. 28.—A young man was arrested here on a warrant charging him with forgery. This warrant was issued by Magistrate D. M. Donehue of Washington, Pa. It charged William F. Ellis, C. B. Orris and T. J. Vandergrift with the larceny of \$45,000 from the First National bank of Washington, Pa., on Oct. 5 last. Ellis and his confederates are charged with having obtained \$40,000 on two notes and \$5,000

on another note dated Sept. 21, and signed by E. L. Parker & Co., a banking firm of Baltimore.

It was claimed that the signatures to the notes were forged.

It was claimed that the man arrested is the Ellis named in the warrant. He was said to be well known in society in Baltimore, Washington and New York. Ellis in court positively denied the charge. He was held for examination without bail until next Monday.

M. E. FOREIGN MISSIONS.

Committee Appointed at Cleveland Convention to Raise \$200,000 Among Women.

CLEVELAND, Oct. 28.—There was good attendance at the second day's session of the convention of the Women's Foreign Missionary society of the Methodist Episcopal church. The reference committee reported that 14 applicants had been appointed missionaries during the year and four of them sent to foreign fields. A committee was appointed to raise \$200,000 among women toward the twentieth century offering to be made by the Methodist churches for missionary work.

The report of the publication committee showed that the different publications of the society were accomplishing much good. A number of missionaries, home on sick leave, were introduced to the convention.

The foreign reports were read, after which Bishop Thoburn delivered a strong address upon the opportunities for missionary work that will soon be open in the Philippine islands.

In the afternoon addresses were made by Miss Louise Rothweiler and Miss Lulu Frey, missionaries to Korea.

COURT BLOCKED MONNETT.

Chief Justice Shauck Would Not Allow Him to Take Depositions of Watson and Jones.

COLUMBUS, Oct. 28.—Attorney General Monnett arranged to take the depositions of former Attorney General K. Watson and Editor DeWitt C. Jones in relation to the charges of alleged attempted bribery filed by him against the Standard Oil company, but the proceedings will be stopped by the supreme court. Mr. Monnett notified the Standard's attorney and had served Messrs. Watson and Jones with subpoenas. Before anything had been done, however, Mr. Monnett was notified by Acting Chief Justice Shauck of the supreme court that the depositions could not be taken.

Judge Shauck explained that the court had not ordered the inquiry and that until this was done deposition could not be taken. The court might decide at its discretion to appoint a master commissioner to take the depositions or to hear the testimony orally.

SAMPSON VISITED OLD HOME.

Given a Reception at Palmyra, N. Y., and Presented a Flag.

PALMYRA, N. Y., Oct. 28.—Rear Admiral W. T. Sampson came to Palmyra the home of his boyhood, from Rochester. An official salute was fired from a battery on Prospect hill, while every locomotive and factory whistled joined in a noisy salute, which was augmented by the ringing of bells.

A procession was formed, which the admiral reviewed, after which he and his party, including Mrs. Sampson, were taken to the residence of Phiny T. Sexton, where luncheon was served. An informal reception followed to the intimate friends of the distinguished guest.

The exercises in the afternoon were held in the First Presbyterian church. Phiny T. Sexton, a schoolmate of Admiral Sampson, made an address of welcome.

After Admiral Sampson had responded, Mr. Sexton presented him with the flag which was flying over the capitol at Washington when congress adopted the resolution declaring for Cuban freedom, which was virtually the declaration of war against Spain.

General Rivera Was Dismissed.

HAVANA, Oct. 28.—General Rius Rivera, former civil governor of the province of Havana, whose withdrawal from the governorship was cabled as a resignation, denied that he resigned. He says that he was dismissed and that he does not know upon what grounds the dismissal was ordered. Senor Domingo Mendez Capote, secretary of state in the advisory cabinet of Governor General Brooke, said it was for the sake of harmony.

DEATH OF GEN. HENRY

Great Warrior Passed Away Peacefully.

TO BE BURIED AT ARLINGTON.

His Remains Will Rest Near Those of Sheridan, Crook and Ord—Interment to Be With Full Military Honors, Militia Escort From New York.

NEW YORK, Oct. 28.—Brigadier General Guy V. Henry, U. S. A., late military governor of Porto Rico, died at his home, 139 Madison avenue, of pneumonia, aged 60 years. He had been unconscious for several hours and his end was peaceful. At his bedside were all the members of his family except his son, Captain Guy V. Henry, Jr., who is in the Philippines.

When General Henry was taken ill about ten days ago Dr. Smith, a specialist in pulmonary troubles, was summoned and he later called in consultation two other physicians. The patient commenced to sink Thursday and in the afternoon became unconscious. Oxygen was used Thursday night in the hope of carrying him through the crisis, but it was of no avail. His wife, his son Seton and his daughter, Mrs. Benton, were with him when he died. Lieutenant P. E. Frank of his staff was also at his bedside.

General Henry's remains will be taken from his home on Sunday and will be placed in a special car and the car attached to the Washington express, scheduled to leave at 12:55 p. m. Arriving in Washington, the body will be taken to St. John's church, where it will lie in state, with a special military guard, until 11:30 o'clock Monday morning, at which hour the funeral services will be held. The interment will be made in the Arlington National cemetery.

The body will be escorted from the house to the ferry, in this city, by the national and state troops. Of the latter there will be the Seventh, Sixty-ninth and Seventy-first regiments.

WASHINGTON, Oct. 28.—The death of General Henry was announced to the war department in a dispatch from Lieutenant Traub, aide-de-camp on the general's staff. The announcement was received with heartfelt expressions of regret from Secretary Root, Adjutant General Corbin and other high officials, as well as from the rank and file about the war department, for General Henry was a well-known figure here and universally esteemed.

The interment at Arlington will be with full military honors. The grave selected as the final resting place of the gallant soldier is on the slope at the east front of the Lee mansion, near the graves of Sheridan, Crook and Ord.

DISCUSSED OHIO OUTLOOK.

Part of the Time Spent by the Cabinet In Talking on the Coming Elections.

WASHINGTON, Oct. 28.—Fully an hour of the session of the cabinet was consumed in a discussion of the political outlook; especially in Ohio, some of the members having received advices from their friends engaged in the campaign conveying an accurate statement of existing conditions.

The Philippine discussion was brought about through newspaper publications of recent date purporting to outline the treaty or arrangement General Bates made with the sultan of the Sulu archipelago. Secretary Root took occasion to point out the unsoundness and unfairness, as he alleged, of the criticisms which have been cast upon the friends of that arrangement, especially where they relate to the question of slave-holding in the islands.

Stone Invited Schley.

WASHINGTON, Oct. 28.—Governor Stone of Pennsylvania and Representative Graham of Pennsylvania called upon the president and urged the appointment of J. Linwood Brown of Allegheny City to a place on the interstate commerce commission caused by the retirement of Commissioner Callahan. Later Governor Stone called upon Admiral Schley and invited him to come to Allegheny City upon the occasion of the reception and placing of a Spanish cannon captured at Santiago.

When General Henry was taken ill about ten days ago Dr. Smith, a specialist in pulmonary troubles, was summoned and he later called in consultation two other physicians. The patient commenced to sink Thursday and in the afternoon became unconscious. Oxygen was used Thursday night in the hope of carrying him through the crisis, but it was of no avail. His wife, his son Seton and his daughter, Mrs. Benton, were with him when he died. Lieutenant P. E. Frank of his staff was also at his bedside.

General Henry's remains will be taken from his home on Sunday and will be placed in a special car and the car attached to the Washington express, scheduled to leave at 12:55 p. m. Arriving in Washington, the body will be taken to St. John's church, where it will lie in state, with a special military guard, until 11:30 o'clock Monday morning, at which hour the funeral services will be held. The interment will be made in the Arlington National cemetery.

The body will be escorted from the house to the ferry, in this city, by the national and state troops. Of the latter there will be the Seventh, Sixty-ninth and Seventy-first regiments.

WASHINGTON, Oct. 28.—The death of General Henry was announced to the war department in a dispatch from Lieutenant Traub, aide-de-camp on the general's staff. The announcement was received with heartfelt expressions of regret from Secretary Root, Adjutant General Corbin and other high officials, as well as from the rank and file about the war department, for General Henry was a well-known figure here and universally esteemed.

The interment at Arlington will be with full military honors. The grave selected as the final resting place of the gallant soldier is on the slope at the east front of the Lee mansion, near the graves of Sheridan, Crook and Ord.

DISCUSSED OHIO OUTLOOK.

Part of the Time Spent by the Cabinet In Talking on the Coming Elections.

WASHINGTON, Oct. 28.—Fully an hour of the session of the cabinet was consumed in a discussion of the political outlook; especially in Ohio, some of the members having received advices from their friends engaged in the campaign conveying an accurate statement of existing conditions.

The Philippine discussion was brought about through newspaper publications of recent date purporting to outline the treaty or arrangement General Bates made with the sultan of the Sulu archipelago. Secretary Root took occasion to point out the unsoundness and unfairness, as he alleged, of the criticisms which have been cast upon the friends of that arrangement, especially where they relate to the question of slave-holding in the islands.

Stone Invited Schley.

WASHINGTON, Oct. 28.—Governor Stone of Pennsylvania and Representative Graham of Pennsylvania called upon the president and urged the appointment of J. Linwood Brown of Allegheny City to a place on the interstate commerce commission caused by the retirement of Commissioner Callahan. Later Governor Stone called upon Admiral Schley and invited him to come to Allegheny City upon the occasion of the reception and placing of a Spanish cannon captured at Santiago.

THE EVENING NEWS REVIEW.

15TH YEAR. NO. 120.

EAST LIVERPOOL, O., SATURDAY, OCT. 28, 1899.

TWO CENTS

FRANCE IS NEUTRAL

No Ground to Bother England at Present.

KAISER TO REACH ENGLAND NOV. 20.

Official Statement Issued at Paris Denying Intended Franco-Russian Intervention—Many Boers Killed at Mafeking. Fighting About Kimberley.

PARIS, Oct. 28.—An authoritative statement was issued formally denying the rumors of intended Franco-Russian intervention in the Transvaal war and declaring that France has no ground and no desire for any such intervention at present and that Russia is most likely placed in the same position, adding that Germany is the only power directly concerned in the matter.

LONDON, Oct. 28.—The Berlin correspondent of The Daily Mail said:

"All the arrangements have been completed for Emperor William's visit to the queen. His majesty will arrive in England on Nov. 20 and remain at Windsor castle five days, after which he will go to Sandringham for a two day's visit to the Prince of Wales."

LONDON, Oct. 28.—The magistrate at Vryburg is responsible for a report made to Premier Schreiner, at Cape Town, that 513 Boers were killed at Mafeking.

The government has made public the following telegram from Governor Hutchinson, dated Pietermaritzburg, Oct. 26: "The following telegram has been received from Greytown, from D. Greig, a resident of Dundee, formerly in the telegraph service: 'I left Dundee this morning. General Symons died on Monday at 5 p. m. and was buried the following morning, close to the English church, by the Rev. W. Dally. There was a firing party and a few medical officers and a few civilians attended the funeral. There were no Boers. Colonel Eckett, Majors Boulton, Hamersley and Nugent, and also Crum, Johnstone and Ryan are improving. The Boers occupied Dundee Monday afternoon.'"

A special dispatch from Cape Town gave details of the defeat of 700 Boers by the British at Siverton, north of Kimberley, Wednesday, in which the enemy was completely routed with heavy loss, the British loss being three men killed and 20 men, including two officers, wounded. This is probably the same fight, though a different date is given, as referred to in the Cape Town dispatch of Thursday, in which it was said official reports from Kimberley Tuesday announced that Colonel Scott-Turner, with 270 men, had an engagement with the Boers, during which a detachment of 150 men of the Lancashire regiment distinguished itself and the armored trains did good service. The Boers were unable to withstand the splendid charge of the Lancashires, who cleared the hill occupied by the enemy at the point of the bayonet. The Boer losses are described as very heavy. Colonel Scott-Turner's force consisted of the local volunteers who, with the Lancashires, completed the rout of the Burgheers after Murray's artillery had driven them out of their entrenchments. Botha commanded the Boer force. He was killed. He was a famous fighter.

Before the sortie, Kimberley was apparently in high spirits, as a dispatch from there, dated Oct. 23, says everyone was cheerful there at that time and that a wedding was celebrated there that day. The dispatch adds: "Great enthusiasm has been aroused here by the news of the British successes in Natal. Several farmers in the neighborhood of Kimberley have been noticed in the ranks of the Boers. A letter from Father Rorke said 700 Boers, with 100 wagons, were holed up at Taung's. All the whites have left except the women, who sought refuge in the convent. The Boer commandant has promised to protect them."

The news from the northern border indicates that the Boers are actively trying to prevent Colonel Plumer from relieving Mafeking, hence the absence of news since Pretoria announced the bombardment of the place created considerable alarm.

Related dispatches from Tuli Fort partially elucidated the situation on the Rhodesian border. It appeared that Colonel Plumer ascertained that all the Zoutpansberg Boers, numbering 700

men, mustered under Piet Joubert, at the Brack river, and proceeded to Limpopo river, where they arrived Oct. 16, accompanied by a number of Shangan and Zoutpansberg Kafirs, whom they had compelled to take up arms. The British thereupon captured three Kafir chiefs who are now held as hostages for the good behavior of their tribes.

On Oct. 19 reconnoitering patrols proceeding along the north bank of the river in a westerly direction suddenly encountered a party of Boers in some dense bush on the Rhodesia side of the Limpopo. The patrol retired and the Boers fired, wounding a trooper. Subsequently Captain Glynn, with a patrol, left Tuli with the object of locating the Boer force.

On Oct. 21 a strong Boer patrol was encountered at Rhodes' Drift in a thick bush. A sharp skirmish was the result. Two of the British were killed and two wounded. The Boers had seven men killed and many wounded. The Boers retired to a strong position on a kopje at Pont's Drift.

Major Pilsen, with an ambulance, proceeded to fetch the dead wounded and, while placing the bodies on a cart, the Boers reopened fire, killing two horses, but in spite of the sharp shooting the British succeeded in carrying away their comrades.

The latest dispatch from Tuli, dated Oct. 24, says:

"A Boer patrol crossed the river ten miles above Rhodes' Drift twice recently, harrying native women and children. They shot cattle and looted."

During the retreat of General Yule to Ladysmith there were many anxious moments Monday night when the British marched through Van Londeers pass, six miles long, to Biggarsberg. The troops got through the dangerous defile which 50 men could have easily held at 3 o'clock Tuesday morning.

CAPE TOWN, Oct. 28.—According to further advices from Kimberley, the Boers removed their killed and wounded to carts. No reliable estimate of their losses was made. Mr. Rhodes rode out and watched the fight.

The townspeople, including the women, mounted the trenches, watching eagerly for the return of the troops.

Mr. Rhodes is cheerful and gives dinner parties daily, at which luxuries are abundant.

Heroic Action of Eight Boers.

DURBAN, Natal, Oct. 28.—An interesting incident in connection with the Elandslaagte fight is reported here. When the fire of the British guns became too hot eight Boers ran forward out of cover and, standing together, coolly opened fire at the Imperial Light Horse with the evident purpose of drawing the latter's fire while their comrades retired. Seven out of the brave eight were killed.

Indignation at Dr. Hoffman.

CAPE TOWN, Oct. 28.—Great indignation was caused by the announcement that Dr. Hoffman, a member of the Cape house of assembly, with a party of assistants, was going to the Transvaal to do ambulance work. It was suspected that he would give information to the enemy.

Symons Ordered the Retreat.

LONDON, Oct. 28.—The Daily Telegraph publishes a dispatch from Ladysmith, dated Tuesday, saying in part: "General Symons ordered his column to march back to Ladysmith and, under his instructions, himself and all the wounded were placed in the hospitals at Dundee."

Nullified Free State Proclamation.

CAPE TOWN, Oct. 28.—Sir Alfred Milner, governor of Cape Colony, and W. P. Schreiner, the premier, issued a proclamation declaring null and void the proclamation of the Orange Free State, asserting that a portion of Cape Colony is now Free State territory.

Spies to Be Shot.

DURBAN, Natal, Oct. 28.—(Delayed in transmission)—Many spies have been arrested here and some of them will be shot.

BUILD UP MERCHANT MARINE.

Secretary Long Gives His Reasons For Favoring It.

CLEVELAND, Oct. 28.—Secretary of the Navy Long in a letter to a local paper said he was heartily in favor of the upbuilding of the merchant marine and presented three reasons for favoring the same, as follows:

First—By reason of the financial return which would follow from carrying our constantly increasing exports.

Second—From the increased business it would give our shipyards; and,

Third—Because it would furnish a reserve of seamen upon which the navy could draw in case of war.

THE VISAYAN FALSE

Santiago Had Organized a Revolt at Iloilo.

HE WAS PLACED UNDER ARREST.

One of His Steamers Captured Carrying Supplies to the Rebels—Otis Refused to Confer With Rebels—Lawton's Advance North.

MANILA, Oct. 28.—M. Ruperto Santiago, one of the wealthiest Visayans who had taken the oath of allegiance to the United States, and who posed as a friend of Americans, was arrested at Iloilo, while other Visayans were being watched. The prisoner was charged with organizing a revolutionary junta. Santiago owned sugar estates throughout the island of Negros.

It was asserted that a council of ten and the manager of the junta met daily at Santiago's office for the purpose of engineering an extensive scheme of collections for an insurrection. One of Santiago's steamers was captured carrying supplies to the rebels. His arrest caused rumors of an outbreak of the natives of Iloilo, and precautions were taken to prevent trouble.

A battalion of the Eighteenth regiment and the marines of the gunboat Concord formed an expedition at Concepcion, Northern Palay, which was searching for the Concord's coxswain, who was lured ashore by a white flag and who was supposed to be a prisoner. They found the place deserted and burned every house as a punishment.

WASHINGTON, Oct. 28.—The war department received the following messages from General Otis:

MANILA, Oct. 27.

Adjutant General, Washington:

Insurgent government submitted application to send five commissioners to Manila to arrange difficulties attending release of Spanish sick prisoners and discuss peace conditions. Declined. No negotiations necessary, as we would gladly receive all Spanish prisoners at our lines, welcome them from their cruel captivity and labor for their welfare. Correspondence by mail.

MANILA, Oct. 27.—Lawton's advance under Young, north San Isidro, near Cabanatuan. Established permanent station. Three months' supplies being forwarded by San Juan river route. Lawton meets a little resistance.

Twenty-sixth volunteers and battalion Nineteenth infantry sent to Iloilo.

Transport Tacoma, headquarters, seven companies, Twenty-seventh volunteers, arrived. Casualties, Corporal Henderson, Company C, washed overboard. Two men deserted and seven left sick at Honolulu, of whom Corporal Hunter, G, dead. No other casualties. Command in good health.

Transport Sheridan, Thirty-third volunteers and recruits, arrived. Good condition. One casualty, Private Hulgau, Company K, died enroute.

HOT FIGHT WITH REBELS.

Young's Column Encountered Filipinos Strongly Entrenched and Repulsed Them—Two Americans Killed.

MANILA, Oct. 28.—(10 a. m.)—General Young's column, which left San Isidro yesterday morning at daybreak, moving northward in the direction of Santa Rosa, encountered the enemy strongly entrenched just beyond the Tuba river.

A brisk fight ensued and the rebels were repulsed. Two Americans were killed and one wounded. Pursuit was impossible on account of the width and depth of the stream.

SWINDLERS GOT \$45,000.

Washington (Pa.) Bank Hard Touched. Arrests Made in New York.

NEW YORK, Oct. 28.—A young man was arrested here on a warrant charging him with forgery. This warrant was issued by Magistrate D. M. Donehue of Washington, Pa. It charged William F. Ellis, C. B. Orris and T. J. Vandergift with the larceny of \$45,000 from the First National bank of Washington, Pa., on Oct. 5 last. Ellis and his confederates are charged with having obtained \$40,000 on two notes and \$5,000

on another note dated Sept. 21, and signed by E. L. Parker & Co., a banking firm of Baltimore.

It was claimed that the signatures to the notes were forged.

It was claimed that the man arrested is the Ellis named in the warrant. He was said to be well known in society in Baltimore, Washington and New York.

Ellis in court positively denied the charge. He was held for examination without bail until next Monday.

M. E. FOREIGN MISSIONS.

Committee Appointed at Cleveland Convention to Raise \$200,000 Among Women.

CLEVELAND, Oct. 28.—There was a good attendance at the second day session of the convention of the Women's Foreign Missionary society of the Methodist Episcopal church. The reference committee reported that 14 applicants had been appointed missionaries during the year and four of them sent to foreign fields. A committee was appointed to raise \$200,000 among women toward the twentieth century offering to be made by the Methodist churches for missionary work.

The report of the publication committee showed that the different publications of the society were accomplishing much good. A number of missionaries, home on sick leave, were introduced to the convention.

The foreign reports were read, after which Bishop Thoburn delivered a strong address upon the opportunities for missionary work that will soon be open in the Philippine islands.

In the afternoon addresses were made by Miss Louise Rothweiler and Miss Lulu Frey, missionaries to Korea.

COURT BLOCKED MONNETT.

Chief Justice Shauck Would Not Allow Him to Take Depositions of Watson and Jones.

COLUMBUS, Oct. 28.—Attorney General Monnett arranged to take the depositions of former Attorney General K. Watson and Editor DeWitt C. Jones in relation to the charges of alleged attempted bribery filed by him against the Standard Oil company, but the proceedings will be stopped by the supreme court. Mr. Monnett notified the Standard's attorney and had served Messrs. Watson and Jones with subpoenas. Before anything had been done, however, Mr. Monnett was notified by Acting Chief Justice Shauck of the supreme court that the depositions could not be taken.

Judge Shauck explained that the court had not ordered the inquiry and that until this was done deposition could not be taken. The court might decide at its discretion to appoint a master commissioner to take the depositions or to hear the testimony orally.

SAMPSON VISITED OLD HOME.

Given a Reception at Palmyra, N. Y., and Presented a Flag.

PALMYRA, N. Y., Oct. 28.—Rear Admiral W. T. Sampson came to Palmyra the home of his boyhood, from Rochester. An official salute was fired from a battery on Prospect hill, while every locomotive and factory whistled joined in a noisy salute, which was augmented by the ringing of bells.

A procession was formed, which the admiral reviewed, after which he and his party, including Mrs. Sampson, were taken to the residence of Phiny T. Sexton, where luncheon was served. An informal reception followed to the intimate friends of the distinguished guest.

The exercises in the afternoon were held in the First Presbyterian church. Phiny T. Sexton, a schoolmate of Admiral Sampson, made an address of welcome.

After Admiral Sampson had responded, Mr. Sexton presented him with the flag which was flying over the capitol at Washington when congress adopted the resolution declaring for Cuban freedom, which was virtually the declaration of war against Spain.

General Rivera Was Dismissed.

HAVANA, Oct. 28.—General Rius Rivera, former civil governor of the province of Havana, whose withdrawal from the governorship was cabled as a resignation, denied that he resigned. He says that he was dismissed and that he does not know upon what grounds the dismissal was ordered. Senor Domingo Mendez Capote, secretary of state in the advisory cabinet of Governor General Brooke, said it was for the sake of harmony.

DEATH OF GEN. HENRY

Great Warrior Passed Away Peacefully.

TO BE BURIED AT ARLINGTON.

His Remains Will Rest Near Those of Sheridan, Crook and Ord—Interment to Be With Full Military Honors. Militia Escort From New York.

NEW YORK, Oct. 28.—Brigadier General Guy V. Henry, U. S. A., late military governor of Porto Rico, died at his home, 139 Madison avenue, of pneumonia, aged 60 years. He had been unconscious for several hours and his end was peaceful. At his bedside were all the members of his family except his son, Captain Guy V. Henry, Jr., who is in the Philippines.

When General Henry was taken ill about ten days ago Dr. Smith, a specialist in pulmonary troubles, was summoned and he later called in consultation two other physicians. The patient commenced to sink Thursday and in the afternoon became unconscious. Oxygen was used Thursday night in the hope of carrying him through the crisis, but it was of no avail. His wife, his son Seton and his daughter, Mrs. Benton, were with him when he died. Lieutenant P. E. Frank of his staff was also at his bedside.

General Henry's remains will be taken from his home on Sunday and will be placed in a special car and the car attached to the Washington express, scheduled to leave at 12:55 p. m. Arriving in Washington, the body will be taken to St. John's church, where it will lie in state, with a special military guard, until 11:30 o'clock Monday morning, at which hour the funeral services will be held. The interment will be made in the Arlington National cemetery.

The body will be escorted from the house to the ferry, in this city, by the national and state troops. Of the latter there will be the Seventh, Sixty-ninth and Seventy-first regiments.

WASHINGTON, Oct. 28.—The death of General Henry was announced to the war department in a dispatch from Lieutenant Traub, aide-de-camp on the general's staff. The announcement was received with heartfelt expressions of regret from Secretary Root, Adjutant General Corbin and other high officials, as well as from the rank and file about the war department, for General Henry was a well-known figure here and universally esteemed.

The interment at Arlington will be with full military honors. The grave selected as the final resting place of the gallant soldier is on the slope at the east front of the Lee mansion, near the graves of Sheridan, Crook and Ord.

DISCUSSED OHIO OUTLOOK.

Part of the Time Spent by the Cabinet In Talking on the Coming Elections.

WASHINGTON, Oct. 28.—Fully an hour of the session of the cabinet was consumed in a discussion of the political outlook; especially in Ohio, some of the members having received advices from their friends engaged in the campaign conveying an accurate statement of existing conditions.

The Philippine discussion was brought about through newspaper publications of recent date purporting to outline the treaty or arrangement General Bates made with the sultan of the Sulu archipelago. Secretary Root took occasion to point out the unsoundness and unfairness, as he alleged, of the criticisms which have been cast upon the friends of that arrangement, especially where they relate to the question of slave-holding in the islands.

Stone Invited Schley.

WASHINGTON, Oct. 28.—Governor Stone of Pennsylvania and Representative Graham of Pennsylvania called upon the president and urged the appointment of J. Linwood Brown of Allegheny City to a place on the interstate commerce commission caused by the retirement of Commissioner Callahan. Later Governor Stone called upon Admiral Schley and invited him to come to Allegheny City upon the occasion of the reception and placing of a Spanish cannon captured at Santiago.

THE EAST END. PRIVATE EOFF WRITES

About Liverpool Soldiers In the Philippines.

TO SPEAK AT CONFERENCE

Three Well Known East Enders Went to Pennsylvania to Hunt Early In the Day—Boys From Out-of-Town Potteries to Spend Sunday In Town.

The most interesting letter that has come to this city from the Philippines for many months was received yesterday by Fireman William Terrence, of the East End station, from Harry Eoff, of Company M, Seventeenth United States infantry. The letter was mailed in Manila September 15. Aside from discussing the routine soldier's life, Eoff says:

"Within the last few weeks I have seen the following Liverpool boys, who are enjoying the best of health and are seemingly pleased with the life of a soldier. They are Tim Williams, Company I, Seventeenth infantry; John Shingleton, Jr., Company A, Twelfth infantry; Carroll Dodd, Company B, Sixteenth infantry; John Shingleton, Sr., Twelfth infantry; Norwood Taylor; Dan Raymond, Washington Volunteer infantry; Charles Goodballet and James Kelly, Company K, and William Welsch, Company D, Seventeenth infantry. Since Williams has been here he has had two attacks of Santiago chills.

"Our regiment is scattered about the island and my company is stationed at Calulut. Our company, M, has been on the firing line for quite a time, and we have been in a number of engagements. So far we have not lost a man."

Eoff states there is no use in treating the natives like Christians, and to end the war and to do it soon it is necessary to capture "Aggie" and the enemy, seeing they had lost their leader, would lay down their arms and quit fighting for good.

It will be remembered a report was circulated in this place about the time Eoff mailed his letter that he had been fatally wounded and Williams had died from being shot in the lungs.

IS CHILD IN ENGLAND?

Much Wanted Lisbon Bank Cashier Thought to be Across the Ocean.

The first anniversary of the collapse of the First National bank of Lisbon and the disappearance of Cashier John Child was painfully observed in retrospection and regret by the people of the county seat and vicinity. The Buckeye State believes that Child is in London, England, engaged in the double duty of dodging arrest and looking up a fortune left to the Child family.

WINE OF CARDUI

A LITTLE
DOES MUCH.

BOONE, IOWA, Dec. 14.
No tongue can tell what I have endured in the past ten years with my monthly sickness. While suffering untold agony, a friend called and recommended Wine of Cardui. I sent for a bottle, and Oh! what relief. After the first dose I began to feel better and have had no pain since.

MRS. GRACE LAMPHERE.

McELREE'S
Wine of Cardui

Wine of Cardui not only cures but it acts AT ONCE. Here is a case of ten years' standing, and yet one single dose made the sufferer feel better, and stopped the pain. The Wine goes straight to the seat of the trouble. It acts directly upon the menstrual and genital organs. Its action is not violent, and it does not force a result. It simply gives Nature that little assistance that the sufferer's system lacks. A single disorder in the feminine organs spreads many disorders all over the body, and when the Wine cures the source, all the other ills vanish as a matter of course. A woman can be her own physician and cure herself at home. Local examinations are largely things of the past—the obnoxious custom is no longer necessary. Wine of Cardui is the only perfectly safe and sure vegetable Wine made to-day for the cure of "female troubles".

IS CHILD IN ENGLAND?

Much Wanted Lisbon Bank Cashier Thought to be Across the Ocean.

The first anniversary of the collapse of the First National bank of Lisbon and the disappearance of Cashier John Child was painfully observed in retrospection and regret by the people of the county seat and vicinity. The Buckeye State believes that Child is in London, England, engaged in the double duty of dodging arrest and looking up a fortune left to the Child family.

WINE OF CARDUI

A LITTLE
DOES MUCH.

BOONE, IOWA, Dec. 14.
No tongue can tell what I have endured in the past ten years with my monthly sickness. While suffering untold agony, a friend called and recommended Wine of Cardui. I sent for a bottle, and Oh! what relief. After the first dose I began to feel better and have had no pain since.
MRS. GRACE LAMPHIRE.

McELREE'S
Wine of Cardui

Wine of Cardui not only cures but it acts AT ONCE. Here is a case of ten years' standing, and yet one single dose made the sufferer feel better, and stopped the pain. The Wine goes straight to the seat of the trouble. It acts directly upon the menstrual and genital organs. Its action is not violent, and it does not force a result. It simply gives Nature that little assistance that the sufferer's system lacks. A single disorder in the feminine organs spreads many disorders all over the body, and when the Wine cures the source, all the other ills vanish as a matter of course. A woman can be her own physician and cure herself at home. Local examinations are largely things of the past—the obnoxious custom is no longer necessary. Wine of Cardui is the only perfectly safe and sure vegetable Wine made to-day for the cure of "female troubles".

PRIVATE EOFF WRITES

About Liverpool Soldiers In the Philippines.

TO SPEAK AT CONFERENCE

Three Well Known East Enders Went to Pennsylvania to Hunt Early In the Day--Boys From Out-of-Town Potteries to Spend Sunday In Town.

The most interesting letter that has come to this city from the Philippines for many months was received yesterday by Fireman William Terrence, of the East End station, from Harry Eoff, of Company M, Seventeenth United States infantry. The letter was mailed in Manila September 15. Aside from discussing the routine soldier's life, Eoff says:

"Within the last few weeks I have seen the following Liverpool boys, who are enjoying the best of health and are seemingly pleased with the life of a soldier. They are Tim Williams, Company I, Seventeenth infantry; John Shingleton, Jr., Company A, Twelfth infantry; Carroll Dodd, Company B, Sixteenth infantry; John Shingleton, Sr., Twelfth infantry; Norwood Taylor; Dan Raymond, Washington Volunteer infantry; Charles Goodballet and James Kelly, Company K, and William Welsch, Company D, Seventeenth infantry. Since Williams has been here he has had two attacks of Santiago chills.

"Our regiment is scattered about the island and my company is stationed at Calulut. Our company, M, has been on the firing line for quite a time, and we have been in a number of engagements. So far we have not lost a man."

Eoff states there is no use in treating the natives like Christians, and to end the war and to do it soon it is necessary to capture "Aggie" and the enemy, seeing they had lost their leader, would lay down their arms and quit fighting for good.

It will be remembered a report was circulated in this place about the time Eoff mailed his letter that he had been fatally wounded and Williams had died from being shot in the lungs.

MORE SCHOOL ROOM NEEDED

Institute Opened With Good Attendance This Afternoon--Chester Man Lost Some Money--Work at the Mill Progressing Rapidly--Personals.

The problem of building a joint county infirmary is still being strongly agitated by the people of Brooke county. The Hancock county people, and especially those at Cumberland, are against the scheme as will be seen by the following from the Herald of Wellsburg. "No communication has been received from the Hancock authorities as to the combination suggested recently and though we still continue of the opinion that the combination would be a good thing for both parties concerned, it does not look as though it meets with favor, especially with either. Probably neither have given it the consideration, for lack of time more than anything else, that it deserves."

THE INSTITUTE.

Additional School Room Will Be Needed In Chester Soon.

The teachers' institute opened this morning in the Chester chapel with a large attendance. County Superintendent George A. Allison arrived early in the morning. When asked about the schools in the Grant district, he said: "All are being well attended and so far the term has been very successful. The Chester school is almost filled to its limit, and if scholars continue to come it will not be long until additional quarters will be needed."

SPECIAL SERVICES.

Presiding Elder Preached at the Free Methodist Church Last Night.

The first special service to be held in the Chester Methodist church since the annual conference was held last evening when the presiding elder preached. This evening the quarterly business meeting will be held, at which time some action will be taken toward collecting funds subscribed for paying off the debt of the church. Services will be held all day tomorrow, commencing with a love feast.

WORKMEN QUIT.

Those on the Pile Driver Will Not Wait Until Payday.

A number of workmen on the pile driver, now working near the Marks farm, quit work yesterday and last night drew their checks from Contractor McNally. The men when asked why they left said they did not feel like waiting 20 days on their money after working a month. The next pay will be distributed to the laborers on November 18.

AT THE MILL.

Work on the Roof Was Commenced Yesterday.

The work of placing the roof on the rolling mill was commenced yesterday, and before the end of next week the entire iron building will be under roof. Ironwork is being received daily and placed in position as fast as is possible. The work on the stand pipe will be completed Monday.

LISBON RAILROAD.

Patriot Says it will be Built to West Point this Winter, Beginning November 15.

The Lisbon Patriot is authority for the statement that information has been received at Lisbon from headquarters in New York that the railroad from Lisbon to West Point will positively be built and that work will be commenced not later than November 15. It will be known as the East Liverpool and Lisbon railroad, and will be used to develop the coal lands at West Point. The road is to be completed by February 1, 1900. It will connect with the Erie & Pittsburg and Lisbon & Western in Lisbon. The Patriot says that when the road gets "as far as West Point there is not a doubt that East Liverpool will see that the road goes on to that city."

LISBON RAILROAD.

Patriot Says it will be Built to West Point this Winter, Beginning November 15.

The Lisbon Patriot is authority for the statement that information has been received at Lisbon from headquarters in New York that the railroad from Lisbon to West Point will positively be built and that work will be commenced not later than November 15. It will be known as the East Liverpool and Lisbon railroad, and will be used to develop the coal lands at West Point. The road is to be completed by February 1, 1900. It will connect with the Erie & Pittsburg and Lisbon & Western in Lisbon. The Patriot says that when the road gets "as far as West Point there is not a doubt that East Liverpool will see that the road goes on to that city."

SOUTH SIDE

DO NOT LIKE THE PLAN

Likely No Joint County Infirmary Will Be Built.

MORE SCHOOL ROOM NEEDED

Institute opened With Good Attendance This Afternoon--Chester Man Lost Some Money--Work at the Mill Progressing Rapidly--Personals.

The problem of building a joint county infirmary is still being strongly agitated by the people of Brooke county. The Hancock county people, and especially those at Cumberland, are against the scheme as will be seen by the following from the Herald of Wellsburg. "No communication has been received from the Hancock authorities as to the combination suggested recently and though we still continue of the opinion that the combination would be a good thing for both parties concerned, it does not look as though it meets with favor, especially, with either. Probably neither have given it the consideration, for lack of time more than anything else, that it deserves."

THE INSTITUTE.

Additional School Room Will Be Needed In Chester Soon.

The teachers' institute opened this morning in the Chester chapel with a large attendance. County Superintendent George A. Allison arrived early in the morning. When asked about the schools in the Grant district, he said: "All are being well attended and so far the term has been very successful. The Chester school is almost filled to its limit, and if scholars continue to come it will not be long until additional quarters will be needed."

SPECIAL SERVICES.

Presiding Elder Preached at the Free Methodist Church Last Night.

The first special service to be held in the Chester Methodist church since the annual conference was held last evening when the presiding elder preached. This evening the quarterly business meeting will be held, at which time some action will be taken toward collecting funds subscribed toward paying off the debt of the church. Services will be held all day tomorrow, commencing with a love feast.

WORKMEN QUIT.

Those on the Pile Driver Will Not Wait Until Payday.

A number of workmen on the pile driver, now working near the Marks farm, quit work yesterday and last night drew their checks from Contractor McNally. The men when asked why they left said they did not feel like waiting 30 days on their money after working a month. The next pay will be distributed to the laborers on November 18.

AT THE MILL.

Work on the Roof Was Commenced Yesterday.

The work of placing the roof on the rolling mill was commenced yesterday, and before the end of next week the entire iron building will be under roof. Ironwork is being received daily and placed in position as fast as is possible. The work on the stand pipe will be completed Monday.

Personals.

Robert Finley, formerly justice of the peace, was in Cumberland on business today.

C. W. Tindle, president of the rolling

mill company, left this morning for Pittsburg, where he will spend Sunday with his family.

John Shrader was in Pittsburg on business today.

Eph. Johnson, who has been working at the McKees Rocks dam this week, will return home this evening.

Hurt His Hand.

Postmaster Samuel Allison injured his right hand yesterday by having it caught on a rusty nail, causing a bad cut.

Lost Some Money.

Tom Conners, one of the characters of Chester, lost \$5 yesterday, but is unable to say how it happened.

HAVE WE TOO MUCH?

Too much what? Too much prosperity. The man who thinks so, and who desires disaster, distress and general demoralization of industries, should vote for Boss McLean, the owner of the dirtiest journal published in the United States and the man who boasts that he can buy the berth of Governor of the grand old Buckeye commonwealth. The man who possesses good common sense, and who loves prosperity, will vote for Judge Nash, an honorable and honest man, against whom not even his hottest political enemies dare bring a charge of wrong doing from any standpoint. A vote for the side show run by Toledo Jones, means a vote for McLean, as the Democracy, backed by McLean's barrel, own the would-be reformer, whose one great ambition is REVENUE, obtained no matter how.

A MODEL TOWN.

Would to God that East Liverpool were fashioned after the same manner and controlled by the same class of citi-

zens. We refer to the town of Minerva, Stark county, almost on the lines of Carroll and Columbiana counties, and distant from this city some 37 miles. Between seven and eight years ago, five saloons disgraced the main thoroughfare of the borough. Today there is not a saloon in the place, and the merchants and business and professional men, backed by all good citizens, openly subscribe funds for the prosecution of any outlaws who attempt to run speak-easies. Eight years ago there were four poor church edifices in the town. Today there are four FINE buildings devoted to the worship of God. Seventy-eight per cent of the residents own their own homes, and the merchants do a cash business. The citizens are honest, honorable and trustworthy and they pay their debts. Splendid stone pavements or sidewalks, substantially curbed, equal to any sidewalks in our first-class cities, are laid upon one side of the long main thoroughfare, with brick pavements on the opposite side, possibly to be replaced with stone, while the paving of the main street is only a question of a short time. Some few years ago the Sala Bros., earnest workers for the right, purchased the newspaper plant of the town, the owner agreeing not to enter into competition in the local field of journalism. Sala Bros. antagonized the saloon element, lost the town printing in consequence, and the whisky ring brought back the old proprietor of the paper and started a rival journal. Sala Bros. stood gamely to their guns, and the "man of broken promises" met the failure he so richly deserved. Two years ago the liquor league of Ohio attempted to again secure control of the town, aided by members of council builded after the pattern of some of our own city solons. Snap judgment in the shape of a hurried election was taken. The ministers of the city, aided by noble Christian women, and championed by the newspaper men, rallied to the rescue, and the result was the defeat of the "rum and ruin" party, by a vote of over four to one. "Praise God from whom all blessings flow."

Said a fine looking and brainy commercial traveler to the writer:

"I have been visiting the town of Minerva for the past few years, and I have no hesitancy in declaring that it is the very best town of its size in the state of Ohio."

Ohio has another model town in "Sebring," built under the enterprise of our hustling townsmen of East Liverpool. God bless and prosper the men who ring out defiance in the teeth of

the liquor league, a combination formed in hades, eager and ready to do the devil's dirty work.

Oh, East Liverpool, city of churches, filled with PROFESSING Christians, when, in the name of God and humanity, will you awake from your lethargy and wipe out the accursed saloons, dens permitted to rule here by men now in council; men who dared to submit the question of "saloons or no saloons" to the voters of this city, and then, in defiance of the expressed will of the people, voiced at the election, disgraced and damned themselves by daring to override and flout the will of the sovereigns of this great republic. How long, oh God, how long?

DISMISSED THE CASES.

The Mayor Said the Evidence Didn't Show That Temple and His Wife Were Guilty.

The cases of the city against William Temple and his wife were aired last evening before Mayor Bough, who decided this morning that there was not enough evidence to convict the parties and the cases were dismissed. The parties were arrested by Officer Grim, who was knocked down by Temple. The defense had four witnesses and the prosecution six. Solicitor McGarry looked after the interests of the city, while John Wallace looked after the side of the defendants.

The mayor in giving his decision in the cases quoted from the laws and ordinances and read the rule in which it stated that an officer in performing his duty must maintain command of temper, patience and decorum, and must at all times refrain from violent, coarse, profane and insolent language.

WAS NEVER NOTIFIED

Andrew Carnegie's Offer Has Not Yet Been Accepted.

PECULIAR NEGLECT SOMEWHERE

Although the Bond Issue was Voted on a Month Ago Nothing Has Been Done and it will be Almost a Month More Before Bonds Can be Sold.

Mr. Carnegie, by this time, must have a somewhat peculiar opinion of East Liverpool officials. When written to by public-spirited private citizens and asked to donate a public library to this city he lost no time in responding with an offer of \$50,000. After the Bradshaw site had been purchased privately for the city, Attorney G. Y. Travis informed Mr. Carnegie of the fact and the proposal to submit the bond issue to a vote of the people. Council then took hold of the matter and since that time it is said Mr. Carnegie hasn't heard a word from East Liverpool because no one officially was empowered to notify him.

The bond issue was voted on and carried September 23, more than a month ago. Nothing has been done by council, towards appointing a library commission which Steubenville did immediately after its bond election. The bonds have only been advertised for sale; in fact the ordinance authorizing the issue wasn't advertised until yesterday, and it will be at least 30 days before the bids for the bonds will be received and opened and the bonds sold. In the meantime Andrew Carnegie will not know whether he is out \$50,000 for a library for this city or not. The public will be interested in learning who was responsible for the delay.

GO AND SEE IT.

Go and see what? That handsome show window of the Heisler, Bence Shoe company. The window is a beauty but the display of shoes for ladies and gentlemen is very much more handsome. After inspecting fully, step inside and find the finest lot of footwear in the city of East Liverpool; and further, don't forget that the prices are exceedingly reasonable.

A Miser Murdered.

KNOXVILLE, Oct. 28.—Leon Jackson, a miser and eccentric character of Newport, Tenn., was murdered at his home by three men who called at the house ostensibly to get something to eat and provoked a quarrel. Mrs. Jackson was run from the house by their conduct. The strangers secured \$600.

NOTE NAMES OF THE PHYSICIANS

The East Liverpool Red Cross Medical Association Is Destined to Become a Power For Good Among the Masses of the City.

All careful men realize how important it is to protect themselves by insuring their lives and property. Why is it not of equal or greater importance to protect yourselves and your family against the expense and loss of time caused by sickness? The plan that is offered you by the East Liverpool Red Cross Medical association will protect you and the members of your family in time of sickness by giving you the best medical attention when needed, at a nominal fixed cost. The plan has received the endorsement of the leading physicians of the city, as the following will attest:

We, the undersigned physicians of East Liverpool, Ohio, having examined the literature of the Red Cross Medical association, endorse its plan of work, and willingly agree to join its staff of medical practitioners.

Sala Bros. antagonized the saloon element, lost the town printing in consequence, and the whisky ring brought back the old proprietor of the paper and started a rival journal. Sala Bros. stood gamely to their guns, and the "man of broken promises" met the failure he so richly deserved. Two years ago the liquor league of Ohio attempted to again secure control of the town, aided by members of council builded after the pattern of some of our own city solons. Snap judgment in the shape of a hurried election was taken. The ministers of the city, aided by noble Christian women, and championed by the newspaper men, rallied to the rescue, and the result was the defeat of the "rum and ruin" party, by a vote of over four to one. "Praise God from whom all blessings flow."

Said a fine looking and brainy commercial traveler to the writer:

"I have been visiting the town of Minerva for the past few years, and I have no hesitancy in declaring that it is the very best town of its size in the state of Ohio."

Ohio has another model town in "Sebring," built under the enterprise of our hustling townsmen of East Liverpool. God bless and prosper the men who ring out defiance in the teeth of

Oh, East Liverpool, city of churches, filled with PROFESSING Christians, when, in the name of God and humanity, will you awake from your lethargy and wipe out the accursed saloons, dens permitted to rule here by men now in council; men who dared to submit the question of "saloons or no saloons" to the voters of this city, and then, in defiance of the expressed will of the people, voiced at the election, disgraced and damned themselves by daring to override and flout the will of the sovereigns of this great republic. DISMISSED THE CASES.

The Mayor Said the Evidence Didn't Show That Temple and His Wife Were Guilty.

The cases of the city against William Temple and his wife were aired last evening before Mayor Bough, who decided this morning that there was not enough evidence to convict the parties and the cases were dismissed. The parties were arrested by Officer Grim, who was knocked down by Temple. The defense had four witnesses and the prosecution six. Solicitor McGarry looked after the interests of the city, while John Wallace looked after the side of the defendants.

The mayor in giving his decision in the cases quoted from the laws and ordinances and read the rule in which it stated that an officer in performing his duty must maintain command of temper, patience and decorum, and must at all times refrain from violent, coarse, profane and insolent language.

Andrew Carnegie's Offer Has Not Yet Been Accepted.

PECULIAR NEGLECT SOMEWHERE

Although the Bond Issue was Voted on a Month Ago Nothing Has Been Done and it will be Almost a Month More Before Bonds Can be Sold.

Mr. Carnegie, by this time, must have a somewhat peculiar opinion of East Liverpool officials. When written to by public-spirited private citizens and asked to donate a public library to this city he lost no time in responding with an offer of \$50,000. After the Bradshaw site had been purchased privately for the city, Attorney G. Y. Travis informed Mr. Carnegie of the fact and the proposal to submit the bond issue to a vote of the people. Council then took hold of the matter and since that time it is said Mr. Carnegie hasn't heard a word from East Liverpool because no one officially was empowered to notify him.

The bond issue was voted on and carried September 23, more than a month ago. Nothing has been done by council towards appointing a library commission which Steubenville did immediately after its bond election. The bonds have only been advertised for sale; in fact the ordinance authorizing the issue wasn't advertised until yesterday, and it will be at least 30 days before the bids for the bonds will be received and opened and the bonds sold. In the meantime Andrew Carnegie will not know whether he is out \$50,000 for a library for this city or not. The public will be interested in learning who was responsible for the delay.

GO AND SEE IT.

Go and see what? That handsome show window of the Heisler, Bence Shoe company. The window is a beauty but the display of shoes for ladies and gentlemen is very much more handsome. After inspecting fully, step inside and find the finest lot of footwear in the city of East Liverpool; and further, don't forget that the prices are exceedingly reasonable.

A Miser Murdered.

KNOXVILLE, Oct. 28.—Leon Jackson, a miser and eccentric character of Newport, Tenn., was murdered at his home by three men who called at the house ostensibly to get something to eat and provoked a quarrel. Mrs. Jackson was run from the house by their conduct. The strangers secured \$600.

NOTE NAMES OF THE PHYSICIANS

The East Liverpool Red Cross Medical Association Is Destined to Become a Power For Good Among the Masses of the City.

All careful men realize how important it is to protect themselves by insuring their lives and property. Why is it not of equal or greater importance to protect yourselves and your family against the expense and loss of time caused by sickness? The plan that is offered you by the East Liverpool Red Cross Medical association will protect you and the members of your family in time of sickness by giving you the best medical attention when needed, at a nominal fixed cost. The plan has received the endorsement of the leading physicians of the city, as the following will attest:

We, the undersigned physicians of East Liverpool, Ohio, having examined the literature of the Red Cross Medical association, endorse its plan of work, and willingly agree to join its staff of medical practitioners.

HAVE WE TOO MUCH?

Too much what? Too much prosperity. The man who thinks so, and who desires disaster, distress and general demoralization of industries, should vote for Boss McLean, the owner of the dirtiest journal published in the United States and the man who boasts that he can buy the berth of Governor of the grand old Buckeye commonwealth. The man who possesses good common sense, and who loves prosperity, will vote for Judge Nash, an honorable and honest man, against whom not even his hottest political enemies dare bring a charge of wrong doing from any standpoint. A vote for the side show run by Toledo Jones, means a vote for McLean, as the Democracy, backed by McLean's barrel, own the would-be reformer, whose one great ambition is REVENUE, obtained no matter how.

A MODEL TOWN.

Would to God that East Liverpool were fashioned after the same manner and controlled by the same class of citi-

zens. We refer to the town of Minerva, Stark county, almost on the lines of Carroll and Columbiana counties, and distant from this city some 37 miles. Between seven and eight years ago, five saloons disgraced the main thoroughfare of the borough. Today there is not a saloon in the place, and the merchants and business and professional men, backed by all good citizens, openly subscribe funds for the prosecution of any outlaws who attempt to run speak-easies. Eight years ago there were four poor church edifices in the town. Today there are four FINE buildings devoted to the worship of God. Seventy-eight per cent of the residents own their own homes, and the merchants do a cash business. The citizens are honest, honorable and trustworthy and they pay their debts. Splendid stone pavements or sidewalks, substantially curbed, equal to any sidewalks in our first-class cities, are laid upon one side of the long main thoroughfare, with brick pavements on the opposite side, possibly to be replaced with stone, while the paving of the main street is only a question of a short time. Some few years ago the Sala Bros., earnest workers for the right, purchased the newspaper plant of the town, the owner agreeing not to enter into competition in the local field of journalism. Sala Bros. antagonized the saloon element, lost the town printing in consequence, and the whisky ring brought back the old proprietor of the paper and started a rival journal. Sala Bros. stood gamely to their guns, and the "man of broken promises" met the failure he so richly deserved. Two years ago the liquor league of Ohio attempted to again secure control of the town, aided by members of council builded after the pattern of some of our own city solons. THE NEW LINES.

How the Wards Are Divided Since the Fifth Ward Was Created.

The first precinct of the First ward commences at Ralston's crossing and includes all the territory to the east side of Broadway. It goes to the intersection of East Market street and runs up Calcutta road to Walnut street. The line then comes down Walnut street and goes out Bradshaw avenue to the line of the new Fifth ward. The second precinct takes in the same territory that formerly was in the third precinct.

The first precinct of the Second ward is the same as formerly, but the second precinct has been extended to take in all the new territory east of West Market street and west of the Calcutta road to the corporation line.

There is no change in the Third ward, but the First precinct of the Fourth ward has been extended to take in the territory west of California hollow and

east of Carpenter's run to the corporation line. The Second precinct of the same ward has been extended to the corporation and the Pleasant Heights people will vote in this precinct.

The Fifth precinct extends from Ralston's crossing to the state line and from the Ohio river to the corporation. The voting precincts will be fixed at the next meeting of council.

POTTERY NEWS.

Picked Up Around the Hustling Plants of the Ceramic City.

J. A. Lafferty, superintendent of the American Kaolin works of near Philadelphia, is in the city calling on the potteries.

R. C. Ewing, of Columbus, Tenn., was in the city today and placed some good orders with the Knowles, Taylor & Knowles company.

The Laughlin Pottery company today shipped 100 dinner sets to a Steubenville firm.

The packers at the Sebring pottery on Second street have started to work at 5 and 6 o'clock in the mornings during the week.

On Wheeling trade the Crockery Journal says there is not the slightest sign of diminishing trade thus far. Every factory of every kind in the Ohio valley is as busy as it can be. No goods are being piled up, everything being shipped as promptly as possible.

Writing of East Liverpool the Crockery and Glass Journal says: Too large a quantity of orders for which immediate shipment is demanded is the chief complaint at every pottery. Dealers are sending orders with no mention of price, glad to get them filled within any reasonable time at the highest current figures. It is goods now, not prices, that dealers are after. The mails are now pretty generally doing the business, and will probably continue to do it for the remainder of the year. No regular routes will be made by traveling men after this month.

The Sebring News says: The first ware of the new pottery is now undergoing the crucial test of fire, and it will be one month before it comes from the last kiln, a piece of finished ware ready for the table, and must pass through the hands of 45 experienced and skilled workmen before it is ready for shipment, each one of whom has a separate and distinct work to perform upon the ware from the clay mixer to the decorator.

Samuel Ales, of Baltimore, was in this city yesterday and purchased 3 car loads of ware.

The following named employes at the Salem China Company's plant will spend Sunday at East Liverpool: Homer Headley, Alonzo Berkheimer, M. Thornberry, Claud Hendricks, Samuel Taylor, Levi Bolton, John Mercer, Robert Maxwell, P. Hester, Alfred Moore, Bartley Horne, John Cunningham and W. Lithe.—Salem News.

O. H. Sebring is home from Sebring where he spent the week looking after the new plant.

Several additional workmen have been put on at the Diamond during the week.

The Globe sent a car of ware to Ennis, Texas, yesterday.

Trenton factories will not take orders for any more goods on many lines. Manufacturers are at their wits ends to placate customers who are howling for goods.—Crockery Journal.

Oil Lease Fire.

A railroader named George lighting his bicycle lamp on the Lisbon road near the Smith oil well on the Mick farm, near Wellsville, ignited the gas last evening and only for heroic work on the part of the crew, the oil tank would have been fired. As it was the flames shot along the line and flared around the tank. No one was injured, the tank being shut off just in time.

Discussed Pan-American Subjects.

PHILADELPHIA, Oct. 28.—The session of the International Commercial Congress, held in the assembly room of the Bourse, was devoted to the discussion of pan-American subjects.

THE OFFICIAL BALLOTS

Secretary Hanley Has Received the Proofs.

SIX PARTIES ON THE TICKET

But Four of the Parties Have No County Tickets—What It Costs to Hold an Election in the County—A Complete List of the Candidates For Land Appraiser.

Secretary Hanley has received a proof of the official ballots to be used in the election and there are six parties on the ticket. The Republican and Democrat parties have full tickets, but the Union Reform party is shy a candidate for common pleas judge, as Vandyke, of Wellsville, declined the nomination. The Prohibition party has no county ticket and the Socialist Labor is in the same boat with the exception that they have a candidate for common pleas judge in Henry Hull. Jones, for governor, is the only name on the Non-Partisan ticket. The Republican, Democrat and Union Reform parties have their emblems on the ticket, but the Prohibition, Socialist Labor and Non-Partisan are not entitled to an emblem, as they did not get the necessary one per cent of the votes at the last election and got on the ticket by petition.

Side Issues.

In Wellsville they will elect councilmen in the Fourth and Fifth wards and the nominees are as follows: W. G. Gloss, R.; D. H. Bower, D.; Thomas Boring, U. R.; Andrew Downer, R.; Ed J. Broderick, D.; George Culp, U. R. In Salineville a \$4,000 water works bond issue will be submitted.

What It Costs.

There are 312 judges and clerks in the county and 52 precincts. It costs in the neighborhood of \$3,000 to hold an election in the county, the pay and mileage of the judges and clerks amounting to between \$1,850 and \$1,900. This amount is paid from the county election fund.

LAND APPRAISERS.

A Complete List of the Candidates Selected by the Different Townships.

The selection of land appraisers will be submitted on a separate ticket and the judges and clerks will not get any extra pay for handling it. The returns will be submitted to the county auditor instead of to Secretary Hanley. A list of candidates is as follows:

Butler, M. G. Ruble, R.; Theodore Stark, D. Center, John M. Elliott, R.; Levi G. McCaskey, D. Elkrum, Horace Martin, R.; Edward Huffman, D. Fairfield, David Hoke, R.; W. C. Rummel, D. Franklin, John B. McQuilken, R.; J. B. Willyard, D. Hanover, T. C. Lindesmith, R.; G. Freese Whitacre, D. Knox, Alex J. Cameron, R.; L. W. Stouffer, D. Liverpool, J. Harvey Martin, R. East Liverpool, G. M. Adam, R.; John Kerr, D. Madison, John Patterson, R.; Stacey Bough, D. Middleton, Z. L. Rogers, R.; John R. Lyons, D. Perry, John Pou, Sr., R.; John M. Sears, D. THE NEW LINES.

How the Wards Are Divided Since the Fifth Ward Was Created.

The first precinct of the First ward commences at Ralston's crossing and includes all the territory to the east side of Broadway. It goes to the intersection of East Market street and runs up Calcutta road to Walnut street. The line then comes down Walnut street and goes out Bradshaw avenue to the line of the new Fifth ward. The second precinct takes in the same territory that formerly was in the third precinct.

The first precinct of the Second ward is the same as formerly, but the second precinct has been extended to take in all the new territory east of West Market street and west of the Calcutta road to the corporation line.

There is no change in the Third ward, but the First precinct of the Fourth ward has been extended to take in the territory west of California hollow and

east of Carpenter's run to the corporation line. The Second precinct of the same ward has been extended to the corporation and the Pleasant Heights people will vote in this precinct.

The Fifth precinct extends from Ralston's crossing to the state line and from the Ohio river to the corporation.

The voting precincts will be fixed at the next meeting of council.

POTTERY NEWS.

Picked Up Around the Hustling Plants of the Ceramic City.

J. A. Lafferty, superintendent of the American Kaolin works of near Philadelphia, is in the city calling on the potteries.

R. C. Ewing, of Columbus, Tenn., was in the city today and placed some good orders with the Knowles, Taylor & Knowles company.

The Laughlin Pottery company today shipped 100 dinner sets to a Steubenville firm.

The packers at the Sebring pottery on Second street have started to work at 5 and 6 o'clock in the mornings during the week.

On Wheeling trade the Crockery Journal says there is not the slightest sign of diminishing trade thus far. Every factory of every kind in the Ohio valley is as busy as it can be. No goods are being piled up, everything being shipped as promptly as possible.

Writing of East Liverpool the Crockery and Glass Journal says: Too large a quantity of orders for which immediate shipment is demanded is the chief complaint at every pottery. Dealers are sending orders with no mention of price, glad to get them filled within any reasonable time at the highest current figures. It is goods now, not prices, that dealers are after. The mails are now pretty generally doing the business, and will probably continue to do it for the remainder of the year. No regular routes will be made by traveling men after this month.

The Sebring News says: The first ware of the new pottery is now undergoing the crucial test of fire, and it will be one month before it comes from the last kiln, a piece of finished ware ready for the table, and must pass through the hands of 45 experienced and skilled workmen before it is ready for shipment, each one of whom has a separate and distinct work to perform upon the ware from the clay mixer to the decorator.

Samuel Ales, of Baltimore, was in this city yesterday and purchased 3 car loads of ware.

The following named employees at the Salem China Company's plant will spend Sunday at East Liverpool: Homer Headley, Alonzo Berkheimer, M. Thornberry, Claud Hendricks, Samuel Taylor, Levi Bolton, John Mercer, Robert Maxwell, P. Hester, Alfred Moore, Bartley Horne, John Cunningham and W. Lithe.—Salem News.

O. H. Sebring is home from Sebring where he spent the week looking after the new plant.

Several additional workmen have been put on at the Diamond during the week.

The Globe sent a car of ware to Ennis, Texas, yesterday.

Trenton factories will not take orders for any more goods on many lines. Manufacturers are at their wits ends to placate customers who are howling for goods.—Crockery Journal.

Oil Lease Fire.

A railroad named George lighting his bicycle lamp on the Lisbon road near the Smith oil well on the Mick farm, near Wellsville, ignited the gas last evening and only for heroic work on the part of the crew, the oil tank would have been fired. As it was the flames shot along the line and flared around the tank. No one was injured, the tank being shut off just in time.

Discusses Pan-American Subjects.

PHILADELPHIA, Oct. 28.—The session of the International Commercial Congress, held in the assembly room of the Bourse, was devoted to the discussion of pan-American subjects.

THE OFFICIAL BALLOTS

Secretary Hanley Has Received the Proofs.

SIX PARTIES ON THE TICKET

But Four of the Parties Have No County Tickets—What It Costs to Hold an Election in the County—A Complete List of the Candidates For Land Appraiser.

Secretary Hanley has received a proof of the official ballots to be used in the election and there are six parties on the ticket. The Republican and Democrat parties have full tickets, but the Union Reform party is shy a candidate for common pleas judge, as Vandyke, of Wellsville, declined the nomination. The Prohibition party has no county ticket and the Socialist Labor is in the same boat with the exception that they have a candidate for common pleas judge in Henry Hull. Jones, for governor, is the only name on the Non-Partisan ticket. The Republican, Democrat and Union Reform parties have their emblems on the ticket, but the Prohibition, Socialist Labor and Non-Partisan are not entitled to an emblem, as they did not get the necessary one per cent of the votes at the last election and got on the ticket by petition.

Side Issues.

In Wellsville they will elect councilmen in the Fourth and Fifth wards and the nominees are as follows: W. G. Gloss, R.; D. H. Bower, D.; Thomas Boring, U. R.; Andrew Downer, R.; Ed J. Broderick, D.; George Culp, U. R. In Salineville a \$4,000 water works bond issue will be submitted.

What It Costs.

There are 312 judges and clerks in the county and 52 precincts. It costs in the neighborhood of \$3,000 to hold an election in the county, the pay and mileage of the judges and clerks amounting to between \$1,850 and \$1,900. This amount is paid from the county election fund.

LAND APPRAISERS.

A Complete List of the Candidates Selected by the Different Townships.

The selection of land appraisers will be submitted on a separate ticket and the judges and clerks will not get any extra pay for handling it. The returns will be submitted to the county auditor instead of to Secretary Hanley. A list of candidates is as follows:

Butler, M. G. Ruble, R.; Theodore Stark, D. Center, John M. Elliott, R.; Levi G. McCaskey, D. Elkrum, Horace Martin, R.; Edward Huffman, D. Fairfield, David Hoke, R.; W. C. Rummel, D. Franklin, John B. McQuiken, R.; J. B. Willyard, D. Hanover, T. C. Lindesmith, R.; G. Freece Whitacre, D. Knox, Alex J. Cameron, R.; L. W. Stouffer, D. Liverpool, J. Harvey Martin, R. East Liverpool, G. M. Adam, R.; John Kerr, D. Madison, John Patterson, R.; Stacey Bough, D. Middleton, Z. L. Rogers, R.; John R. Lyons, D. Perry, John Pou, Sr., R.; John M. Sears, D. Salem city, Conley Townsend, R.; O. J. Astry, D. Salem, Samuel J. Johnson, R.; A. J. Callahan, D. St. Clair, George H. McCoy, R.; Orlo D. Smith, D. Unity, Charles S. Ward, R.; D. W. Moore, D. ## ANOTHER FAKE.

### The Long Run Mine Story Is Exploded.

HON. M. D. RATCHFORD TALKS

Senator Hanna Has No More to Do With the Dillonville or Long Run Mines Than a News-boy Who Sells the Enquirer Has to Do With Its Policy.

Recently the McLean Cincinnati organ printed a full page article directed against Senator Hanna, in which the condition of the miners at Dillonville and Long Run in the Wheeling and Lake Erie mining district was asserted to be frightful, and the whole blame was thrown upon Senator Hanna. It was alleged that the Hanna Coal company owned the mines and treated the men like dogs. The whole article teems with scurrilous malice, and the most of the falsehoods are self-evident to intelligent men, but McLean does not depend upon intelligent men. A supplement of the Cincinnati Enquirer containing the libel referred to has been scattered broadcast over the state, especially among the miners.

Thus far ten malicious and sensational lies of first magnitude printed in the McLean newspaper and circulated over the state in supplements have been nailed as falsehoods. Men have been "interviewed" and made to denounce the Republican party and the very next day these men have published over their own signatures statements to the effect that the McLeans have basely fabricated the whole story. In no single case has the McLean Cincinnati organ dared to defend its statements, and while these statements appear but once in the Cincinnati organ, they are circulated through the lesser organs in spite of their proved malignant and libelous falsehoods.

The following statement from M. D. Ratchford, one of the best known and most popular leaders of workingmen in the United States, is given to nail the last McLean lie. Mr. Ratchford was president of the Ohio division of the United Mine Workers of America in 1895 and 1896, and he was president of the national organization of the United Mine Workers in 1898 and 1899. He is the only man who was ever unanimously elected president of the Ohio division, and the only man who was ever elected unanimously president of the national organization. He has always kept the unswerving confidence of the miners and has always been their greatest champion. He was interviewed and made this statement:

"I have never understood, and do not now understand, that Senator Hanna or his company ever owned one dollar in the Dillonville or Long Run mines, or in fact any mine on the Wheeling and Lake Erie railway.

"On the contrary, I have been informed and believe it to be a fact, that the only connection between the receivers of the mining properties at Dillonville and Long Run and the Hanna company is such a relation as exists between a principal and his agent. The Hanna company has been and is still marketing the product of the mines; that is to say, the Hanna Coal company sells the coal from the Wheeling and Lake Erie mines. This practice is very general in Ohio among the largest companies, as well as in other states. This being the case, the Hanna company is simply acting as the sales agent and is not responsible in any sense for any disagreement that may arise between the receivers and the miners and operators of the mines in question—not any more than a newsboy is responsible for the management of the Cincinnati Enquirer, which he sells upon the street.

"However, it is due to the Hanna company to say that while its officials are not directly interested in these properties, the company has, on several occasions, used its influence to preserve peaceful relations between the receivers and the miners, and has done so to the advantage of the miners to my personal knowledge. During my whole experience in the mines of Ohio and Pennsylvania, I can frankly say that I have always found the attitude of the Hanna company in both states to compare more favorably from

the standpoint of the miners with that of any other company I have dealt with in these states.

"In saying this I do not wish to be understood as giving my indorsement to everything that has been done by mine bosses and mine managers. Disputes have often arisen without the knowledge of the company and for which the company should not be held responsible. Disputes are always easily adjusted, however, when taken up with the Cleveland office."

### CHRISTIAN ENDEAVOR.

Topic For the Week Beginning Oct. 29.—Comment by Rev. S. H. Doyle.

Topic.—Giving, a measure of love.—Mark xii, 41-44. (A meeting to consider systematic and proportionate giving.)

This incident took place in the temple. It is the familiar story of the widow's mites. Jesus was watching the people put their money in the treasury, which consisted of brazen trumpet shaped chests into which voluntary offerings for the sacrifice fund were placed. Many out of their abundance gave liberally. A poor widow gave two mites, but it was all her living for that day. Men would have condemned her act as one lacking judgment, but Christ commended the poor widow and declared that she had given more than all the rest.

Undoubtedly that which led Christ to commend the widow's gift was the fact that it was the offering of a humble heart, full of love to God. It was an expression of her gratitude to God. It was the measure of her love, and in giving all she proved that she loved God with all her being. Love should be the prompter of our gifts and the measure of them, but, alas, it is not always so, or, if it is, the love of many must be very small indeed. This gift of love sets forth the characteristics of true giving to God.

1. It was prompted by the proper motive—love to God. Love to God and for His cause in the world should inspire all our giving.

2. The purpose for which the gift was made was a good one. It was for the benefit of the sacrifice fund of God's temple—a most worthy purpose to which to give. Money given to win the applause of men to attain social or political position is not approved of God or commended by Christ. But if given for some noble and lofty purpose, the carrying forward of God's work in the world, the relief of the distressed and needy or the uplifting of mankind, God is sure to approve the gift and to bless and reward the giver.

3. It was a self sacrificing gift. It was a gift that cost something. It was the widow's all and perhaps necessitated want and hunger for that day at least. The value of a gift in the sight of God is not its literal worth, but the worth of the one who gave it. What it will appear in the sight of God will depend not upon how much we give, but upon how much we have left. God regards not so much what we give as what we keep. The greatness of the gift depends upon what it costs to make it. The rich gave more than the widow, but they had more left than she. Hence the superior character of her gift.

This poor widow's gift should inspire us to a more liberal and cheerful consecration of our money to Christ. If Christ thought it was right for her to give so liberally, He must think the same of us, and if He was willing to commend her He will be willing to commend and bless us.

### Christ's Servant.

How sweet the service! How full of blessing to the servant, bringing him into closest relations with the Master he loves! For it is his privilege to follow Jesus and enjoy all the bliss of His company. In serving Christ we are not, as is the case with earthly servants, to discharge our duty at a distance or out of the sight of our Master; that we are ever to follow in the steps of Jesus, knowing His acts and with all our deeds known to Him.

Blissful indeed is the present life of Christ's servant, superlatively blissful the prospect of his future, brought nearer by the passing hours of each day. Alas, that so many are determined that they will not have this Man to rule over them!—Episcopal Recorder.

LONDON, Oct. 28.—A special dispatch from Cape Town said General Joubert, the Boer commander, sent a message of sympathy to Lady Symons, widow of General Symons.

## TWO GERRYMANDERS.

### The Democrats Have Planned Them If They Win.

### TO CAPTURE THE STATE SENATE

And the Ohio Delegation to Congress Will Be Their Purpose—Great Importance of the Election This Fall For These Reasons.

One of the many important points to be considered by the Republican voters of the state in casting their ballots at the November election has been lost sight of in the general discussion of the issues of the campaign. Reference is made to the composition of the joint commission, composed of the governor, secretary of state and auditor of state, who, under section 11 of the constitution of Ohio, are charged with the work of redistricting the state for legislative purposes immediately after the taking of the federal census. Two of that commission, the governor and auditor of state, are to be chosen in November, and if the Democrats should carry their state ticket, Secretary of State Kinney would be the minority of the commission, and powerless to act. Under this reapportionment it would be possible for the Democratic majority to so fix the senatorial districts that the Republicans of Ohio would be deprived of their proper representation in the senate, and that would be a very important thing in the election of the Seventy-fifth general assembly, charged with the duty of electing a United States senator to succeed Hon. J. B. Foraker.

The last apportionment of the general assembly was in 1891, when Governor Campbell was the chief executive, but he was in the minority, the majority being made up of Secretary of State Ryan and the late State Auditor, Hon. E. B. Poe. The apportionment made by this commission was attacked in the supreme court by the Democrats, but its constitutionality was upheld, and legislatures have been elected under it ever since. The coming election of members of the house and senate will be under the fifth or last period.

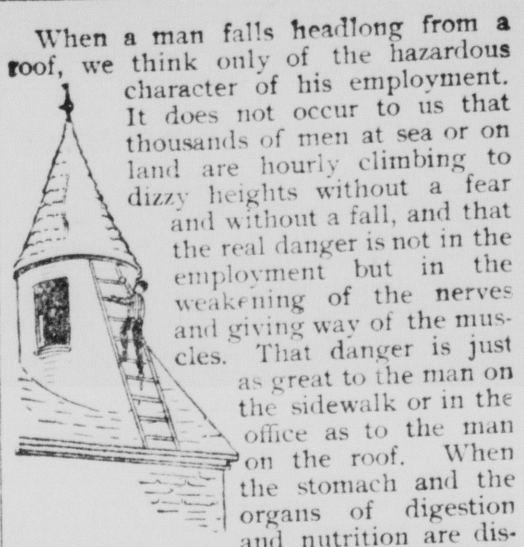

If the Democrats succeed in electing a majority of the members of the general assembly next month, the question of gerrymandering the state for congressional purposes will be determined. The federal census will be taken in June, and under the law it will be the duty of the legislature to redistrict the state for congressional purposes. If the Democrats win, one of the most important political acts of that body will be along the lines mentioned, and the result will be that the Republicans, who are in a large majority in Ohio, will be deprived of their proper representation. The Ohio delegation in congress now consists of 15 Republicans and 6 Democrats, but this would be reversed by the Democratic managers if they had the power and it was possible to make up the districts so, even if they did look like a bootleg or a rail fence.

The election of the Democratic state ticket, therefore, means the redistricting of the state for legislative purposes, so as to make almost impossible the election of a Republican to the United States senate in 1902, and depriving the Republicans of Ohio of their fair representation in congress. These matters are most important and should be kept in mind by every Republican in the state of Ohio. They are of vital interest to the party, and mark the high stakes for which John R. McLean is playing.

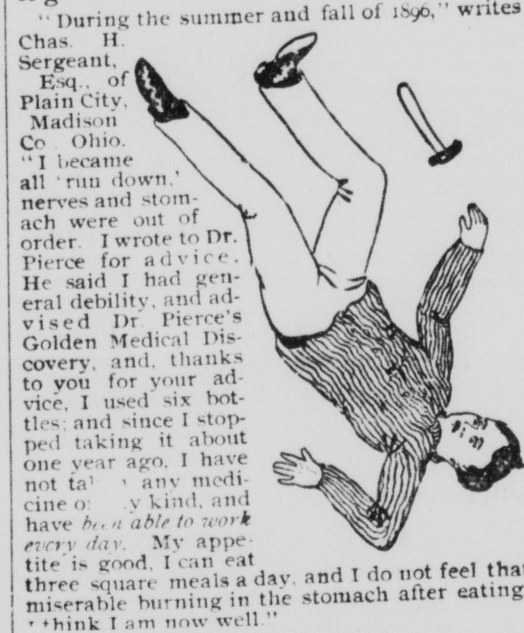

The United States is not a nation of bloodthirsty men. The most tender-hearted man will defend his wife and children from the bloody hand of the assassin. So it is with patriots. They deplore war with its attendant horrors, but they immediately take up arms in defence of their country's flag. The Filipinos, without provocation, fired upon that flag. Our brave soldiers are there to defend that flag.

### Too Complicated.

Life is so complicated a game that the devices of skill are liable to be defeated at every turn by air blown chances, incalculable as the descent of a thistle down.—George Eliot.

When a man falls headlong from a roof, we think only of the hazardous character of his employment. It does not occur to us that thousands of men at sea or on land are hourly climbing to dizzy heights without a fear and without a fall, and that the real danger is not in the employment but in the weakening of the nerves and giving way of the muscles. That danger is just as great to the man on the sidewalk or in the office as to the man on the roof. When the stomach and the organs of digestion and nutrition are diseased the blood becomes impoverished, and nerves and muscles grow weak for lack of nutrition. More fatal diseases probably begin with "weak stomach" than with any other cause. The first symptom of disordered stomach calls for prompt use of Dr. Pierce's Golden Medical Discovery. It is a vegetable medicine, absolutely non-alcoholic and non-narcotic, and is unequalled for the strength it gives to blood, nerves and muscles.

## YES OR NO.

### East Liverpool People Are Respectfully Asked to Answer These Questions.

Is there anything in the evidence of one's senses?

Can the reader dispute and then disprove local evidence?

Can reliance be placed upon statements from people we know?

Are the opinions of residents of East Liverpool of any greater moment than opinions held by residents of Maine or Michigan?

Would you sooner believe people living in those states than those in your own city?

Answer these questions honestly after you have quietly read the following:

Mr. R. H. Hawkins, an employee of Sebring's pottery, who lives at 234 Second street, says: "I had been taking medicine for my kidneys right along, and if I had found a cure I would have had no occasion to use Doan's Kidney Pills. I was troubled two years or more with distressing backache across the loins, a steady aching pain with quick twinges now and then while stooping or lifting, that felt as if a sharp instrument had pierced my back, and the secretions of the kidneys were highly colored, feverish or slightly scalding. Work seemed to be a drag; I had no energy, and I am more than thankful that I was induced to go to the W. & W. pharmacy and get Doan's Kidney Pills. After taking them there was no sign of my old complaint."

Doan's Kidney Pills are sold for 50 cents per box by all dealers, or sent by mail on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name—Doan's—and take no other.

## ANOTHER FAKE.

### The Long Run Mine Story Is Exploded.

HON. M. D. RAICHFORD TALKS

Senator Hanna Has No More to Do With the Dillonville or Long Run Mines Than a Newsboy Who Sells the Enquirer Has to Do With Its Policy.

Recently the McLean Cincinnati organ printed a full page article directed against Senator Hanna, in which the condition of the miners at Dillonville and Long Run in the Wheeling and Lake Erie mining district was asserted to be frightful, and the whole blame was thrown upon Senator Hanna. It was alleged that the Hanna Coal company owned the mines and treated the men like dogs. The whole article teems with scurrilous malice, and the most of the falsehoods are self-evident to intelligent men, but McLean does not depend upon intelligent men. A supplement of the Cincinnati Enquirer containing the libel referred to has been scattered broadcast over the state, especially among the miners.

Thus far ten malicious and sensational lies of first magnitude printed in the McLean newspaper and circulated over the state in supplements have been nailed as falsehoods. Men have been "interviewed" and made to denounce the Republican party and the very next day these men have published over their own signatures statements to the effect that the McLeanites have basely fabricated the whole story. In no single case has the McLean Cincinnati organ dared to defend its statements, and while these statements appear but once in the Cincinnati organ, they are circulated through the lesser organs in spite of their proved malignant and libelous falsehoods.

The following statement from M. D. Raichford, one of the best known and most popular leaders of workingmen in the United States, is given to nail the last McLean lie. Mr. Raichford was president of the Ohio division of the United Mine Workers of America in 1895 and 1896, and he was president of the national organization of the United Mine Workers in 1898 and 1899. He is the only man who was ever unanimously elected president of the Ohio division, and the only man who was ever elected unanimously president of the national organization. He has always kept the unwavering confidence of the miners and has always been their greatest champion. He was interviewed and made this statement:

"I have never understood, and do not now understand, that Senator Hanna or his company ever owned one dollar in the Dillonville or Long Run mines, or in fact any mine on the Wheeling and Lake Erie railway.

"On the contrary, I have been informed and believe it to be a fact, that the only connection between the receivers of the mining properties at Dillonville and Long Run and the Hanna company is such a relation as exists between a principal and his agent. The Hanna company has been and is still marketing the product of the mines; that is to say, the Hanna Coal company sells the coal from the Wheeling and Lake Erie mines. This practice is very general in Ohio among the largest companies, as well as in other states. This being the case, the Hanna company is simply acting as the sales agent and is not responsible in any sense for any disagreement that may arise between the receivers and the miners and operators of the mines in question—not any more than a newsboy is responsible for the management of the Cincinnati Enquirer, which he sells upon the street.

"However, it is due to the Hanna company to say that while its officials are not directly interested in these properties, the company has, on several occasions, used its influence to preserve peaceful relations between the receivers and the miners, and has done so to the advantage of the miners to my personal knowledge. During my whole experience in the mines of Ohio and Pennsylvania, I can frankly say that I have always found the attitude of the Hanna company in both states to compare more favorably from

the standpoint of the miners with that of any other company I have dealt with in these states.

"In saying this I do not wish to be understood as giving my indorsement to everything that has been done by mine bosses and mine managers. Disputes have often arisen without the knowledge of the company and for which the company should not be held responsible. Disputes are always easily adjusted, however, when taken up with the Cleveland office."

### CHRISTIAN ENDEAVOR.

Topic For the Week Beginning Oct. 29.—Comment by Rev. S. H. Doyle.

Topic.—Giving, a measure of love.—Mark xii, 41-44. (A meeting to consider systematic and proportionate giving.)

This incident took place in the temple. It is the familiar story of the widow's mites. Jesus was watching the people put their money in the treasury, which consisted of brazen trumpet shaped chests into which voluntary offerings for the sacrifice fund were placed. Many out of the abundance gave liberally. A poor widow gave two mites, but it was all her living for that day. Men would have condemned her act as one lacking judgment, but Christ commended the poor widow and declared that she had given more than all the rest.

Undoubtedly that which led Christ to commend the widow's gift was the fact that it was the offering of a humble heart, full of love to God. It was an expression of her gratitude to God. It was the measure of her love, and in giving all she proved that she loved God with all her being. Love should be the prompter of our gifts and the measure of them, but, alas, it is not always so, or, if it is, the love of many must be very small indeed. This gift of love sets forth the characteristics of true giving to God.

1. It was prompted by the proper motive—love to God. Love to God and for His cause in the world should inspire all our giving.

2. The purpose for which the gift was made was a good one. It was for the benefit of the sacrifice fund of God's temple—a most worthy purpose to which to give. Money given to win the applause of men to attain social or political position is not approved of God or commended by Christ. But if given for some noble and lofty purpose, the carrying forward of God's work in the world, the relief of the distressed and needy or the uplifting of mankind, God is sure to approve the gift and to bless and reward the giver.

3. It was a self sacrificing gift. It was a gift that cost something. It was the widow's all and perhaps necessitated want and hunger for that day at least. The value of a gift in the sight of God is not its literal worth, but the worth of the one who gave it. What it will appear in the sight of God will depend not upon how much we give, but upon how much we have left. God regards not so much what we give as what we keep. The greatness of the gift depends upon what it costs to make it. The rich gave more than the widow, but they had more left than she. Hence the superior character of her gift.

This poor widow's gift should inspire us to a more liberal and cheerful consecration of our money to Christ. If Christ thought it was right for her to give so liberally, He must think the same of us, and if He was willing to commend her He will be willing to commend and bless us.

### Christ's Servant.

How sweet the service! How full of blessing to the servant, bringing him into closest relations with the Master he loves! For it is his privilege to follow Jesus and enjoy all the bliss of His company. In serving Christ we are not, as is the case with earthly servants, to discharge our duty at a distance or out of the sight of our Master; that we are ever to follow in the steps of Jesus, knowing His acts and with all our deeds known to Him.

Blissful indeed is the present life of Christ's servant, superlatively blissful the prospect of his future, brought nearer by the passing hours of each day. Alas, that so many are determined that they will not have this Man to rule over them!—Episcopal Recorder.

## TWO GERRYMANDERS.

### The Democrats Have Planned Them If They Win.

### TO CAPTURE THE STATE SENATE

And the Ohio Delegation to Congress Will Be Their Purpose—Great Importance of the Election This Fall For These Reasons.

One of the many important points to be considered by the Republican voters of the state in casting their ballots at the November election has been lost sight of in the general discussion of the issues of the campaign. Reference is made to the composition of the joint commission, composed of the governor, secretary of state and auditor of state, who, under section 11 of the constitution of Ohio, are charged with the work of redistricting the state for legislative purposes immediately after the taking of the federal census. Two of that commission, the governor and auditor of state, are to be chosen in November, and if the Democrats should carry their state ticket, Secretary of State Kinney would be the minority of the commission, and powerless to act. Under this reapportionment it would be possible for the Democratic majority to so fix the senatorial districts that the Republicans of Ohio would be deprived of their proper representation in the senate, and that would be a very important thing in the election of the Seventy-fifth general assembly, charged with the duty of electing a United States senator to succeed Hon. J. B. Foraker.

The last apportionment of the general assembly was in 1891, when Governor Campbell was the chief executive, but he was in the minority, the majority being made up of Secretary of State Ryan and the late State Auditor, Hon. E. B. Poe. The apportionment made by this commission was attacked in the supreme court by the Democrats, but its constitutionality was upheld, and legislatures have been elected under it ever since. The coming election of members of the house and senate will be under the fifth or last period.

If the Democrats succeed in electing a majority of the members of the general assembly next month, the question of gerrymandering the state for congressional purposes will be determined. The federal census will be taken in June, and under the law it will be the duty of the legislature to redistrict the state for congressional purposes. If the Democrats win, one of the most important political acts of that body will be along the lines mentioned, and the result will be that the Republicans, who are in a large majority in Ohio, will be deprived of their proper representation. The Ohio delegation in congress now consists of 15 Republicans and 6 Democrats, but this would be reversed by the Democratic managers if they had the power and it was possible to make up the districts so, even if they did look like a bootleg or a rail fence.

The election of the Democratic state ticket, therefore, means the redistricting of the state for legislative purposes, so as to make almost impossible the election of a Republican to the United States senate in 1902, and depriving the Republicans of Ohio of their fair representation in congress. These matters are most important and should be kept in mind by every Republican in the state of Ohio. They are of vital interest to the party, and mark the high stakes for which John R. McLean is playing.

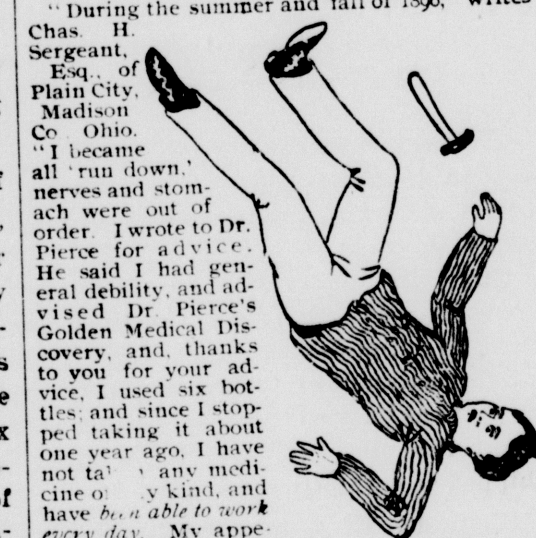

The United States is not a nation of bloodthirsty men. The most tender-hearted man will defend his wife and children from the bloody hand of the assassin. So it is with patriots. They deplore war with its attendant horrors, but they immediately take up arms in defence of their country's flag. The Filipinos, without provocation, fired upon that flag. Our brave soldiers are there to defend that flag.

### Too Complicated.

Life is so complicated a game that the devices of skill are liable to be defeated at every turn by air blown chances, incalculable as the descent of a thistle down.—George Eliot.

When a man falls headlong from a roof, we think only of the hazardous character of his employment. It does not occur to us that thousands of men at sea or on land are hourly climbing to dizzy heights without a fear and without a fall, and that the real danger is not in the employment but in the weakening of the nerves and giving way of the muscles. That danger is just as great to the man on the sidewalk or in the office as to the man on the roof. When the stomach and the organs of digestion and nutrition are diseased the blood becomes impoverished, and nerves and muscles grow weak for lack of nutrition. More fatal diseases probably begin with "weak stomach" than with any other cause. The first symptom of disordered stomach calls for prompt use of Dr. Pierce's Golden Medical Discovery. It is a vegetable medicine, absolutely non-alcoholic and non-narcotic, and is unequaled for the strength it gives to blood, nerves and muscles.

"During the summer and fall of 1896," writes Chas. H. Sergeant, Esq., of Plain City, Madison Co. Ohio, "I became all run down, nerves and stomach were out of order. I wrote to Dr. Pierce for advice. He said I had general debility, and advised Dr. Pierce's Golden Medical Discovery, and, thanks to you for your advice, I used six bottles, and since I stopped taking it about one year ago, I have not taken any medicine of any kind, and have been able to work every day. My appetite is good, I can eat three square meals a day, and I do not feel that miserable burning in the stomach after eating. I think I am now well."

## YES OR NO.

### East Liverpool People Are Respectfully Asked to Answer These Questions.

Is there anything in the evidence of one's senses?

Can the reader dispute and then disprove local evidence?

Can reliance be placed upon statements from people we know?

Are the opinions of residents of East Liverpool of any greater moment than opinions held by residents of Maine or Michigan?

Would you sooner believe people living in those states than those in your own city?

Answer these questions honestly after you have quietly read the following:

Mr. R. H. Hawkins, an employee of Sebring's pottery, who lives at 234 Second street, says: "I had been taking medicine for my kidneys right along, and if I had found a cure I would have had no occasion to use Doan's Kidney Pills. I was troubled two years or more with distressing backache across the loins, a steady aching pain with quick twinges now and then while stooping or lifting, that felt as if a sharp instrument had pierced my back, and the secretions of the kidneys were highly colored, feverish or slightly scalding. Work seemed to be a drag; I had no energy, and I am more than thankful that I was induced to go to the W. & W. pharmacy and get Doan's Kidney Pills. After taking them there was no sign of my old complaint."

Doan's Kidney Pills are sold for 50 cents per box by all dealers, or sent by mail on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name—Doan's—and take no other.

## ANOTHER FAKE.

### The Long Run Mine Story Is Exploded.

HON. M. D. RATCHFORD TALKS

Senator Hanna Has No More to Do With the Dillonville or Long Run Mines Than a Newsboy Who Sells the Enquirer Has to Do With Its Editor.

Recently the McLean Cincinnati organ printed a full page article directed against Senator Hanna, in which the condition of the miners at Dillonville and Long Run in the Wheeling and Lake Erie mining district was asserted to be frightful, and the whole blame was thrown upon Senator Hanna. It was alleged that the Hanna Coal company owned the mines and treated the men like dogs. The whole article teems with scurrilous malice, and the most of the falsehoods are self-evident to intelligent men, but McLean does not depend upon intelligent men. A supplement of the Cincinnati Enquirer containing the libel referred to has been scattered broadcast over the state, especially among the miners.

Thus far ten malicious and sensational lies of first magnitude printed in the McLean newspaper and circulated over the state in supplements have been nailed as falsehoods. Men have been "interviewed" and made to denounce the Republican party and the very next day these men have published over their own signatures statements to the effect that the McLeanites have basely fabricated the whole story. In no single case has the McLean Cincinnati organ dared to defend its statements, and while these statements appear but once in the Cincinnati organ, they are circulated through the lesser organs in spite of their proved malignant and libelous falsehoods.

The following statement from M. D. Ratchford, one of the best known and most popular leaders of workmen in the United States, is given to nail the last McLean lie. Mr. Ratchford was president of the Ohio division of the United Mine Workers of America in 1895 and 1896, and he was president of the national organization of the United Mine Workers in 1898 and 1899. He is the only man who was ever unanimously elected president of the Ohio division, and the only man who was ever elected unanimously president of the national organization. He has always kept the unwavering confidence of the miners and has always been their greatest champion. He was interviewed and made this statement:

"I have never understood, and do not now understand, that Senator Hanna or his company ever owned one dollar in the Dillonville or Long Run mines, or in fact any mine on the Wheeling and Lake Erie railway.

"On the contrary, I have been informed and believe it to be a fact, that the only connection between the receivers of the mining properties at Dillonville and Long Run and the Hanna company is such a relation as exists between a principal and his agent. The Hanna company has been and is still marketing the product of the mines; that is to say, the Hanna Coal company sells the coal from the Wheeling and Lake Erie mines. This practice is very general in Ohio among the largest companies, as well as in other states. This being the case, the Hanna company is simply acting as the sales agent and is not responsible in any sense for any disagreement that may arise between the receivers and the miners and operators of the mines in question—not any more than a newsboy is responsible for the management of the Cincinnati Enquirer, which he sells upon the street.

"However, it is due to the Hanna company to say that while its officials are not directly interested in these properties, the company has, on several occasions, used its influence to preserve peaceful relations between the receivers and the miners, and has done so to the advantage of the miners to my personal knowledge. During my whole experience in the mines of Ohio and Pennsylvania, I can frankly say that I have always found the attitude of the Hanna company in both states to compare more favorably from

the standpoint of the miners with that of any other company I have dealt with in these states.

"In saying this I do not wish to be understood as giving my indorsement to everything that has been done by mine bosses and mine managers. Disputes have often arisen without the knowledge of the company and for which the company should not be held responsible. Disputes are always easily adjusted, however, when taken up with the Cleveland office."

### CHRISTIAN ENDEAVOR.

Topic For the Week Beginning Oct. 29.—Comment by Rev. S. H. Doyle.

Topic.—Giving, a measure of love.—Mark xii, 41-44. (A meeting to consider systematic and proportionate giving.)

This incident took place in the temple. It is the familiar story of the widow's mites. Jesus was watching the people put their money in the treasury, which consisted of brazen trumpet shaped chests into which voluntary offerings for the sacrifice fund were placed. Many out of the abundance gave liberally. A poor widow gave two mites, but it was all her living for that day. Men would have condemned her act as one lacking judgment, but Christ commended the poor widow and declared that she had given more than all the rest.

Undoubtedly that which led Christ to commend the widow's gift was the fact that it was the offering of a humble heart, full of love to God. It was an expression of her gratitude to God. It was the measure of her love, and in giving all she proved that she loved God with all her being. Love should be the prompter of our gifts and the measure of them, but, alas, it is not always so, or, if it is, the love of many must be very small indeed. This gift of love sets forth the characteristics of true giving to God.

1. It was prompted by the proper motive—love to God. Love to God and for His cause in the world should inspire all our giving.

2. The purpose for which the gift was made was a good one. It was for the benefit of the sacrifice fund of God's temple—a most worthy purpose to which to give. Money given to win the applause of men to attain social or political position is not approved of God or commended by Christ. But if given for some noble and lofty purpose, the carrying forward of God's work in the world, the relief of the distressed and needy or the uplifting of mankind, God is sure to approve the gift and to bless and reward the giver.

3. It was a self sacrificing gift. It was a gift that cost something. It was the widow's all and perhaps necessitated want and hunger for that day at least. The value of a gift in the sight of God is not its literal worth, but the worth of the one who gave it. What it will appear in the sight of God will depend not upon how much we give, but upon how much we have left. God regards not so much what we give as what we keep. The greatness of the gift depends upon what it costs to make it. The rich gave more than the widow, but they had more left than she. Hence the superior character of her gift.

This poor widow's gift should inspire us to a more liberal and cheerful consecration of our money to Christ. If Christ thought it was right for her to give so liberally, He must think the same of us, and if He was willing to commend her He will be willing to commend and bless us.

### Christ's Servant.

How sweet the service! How full of blessing to the servant, bringing him into closest relations with the Master he loves! For it is his privilege to follow Jesus and enjoy all the bliss of His company. In serving Christ we are not, as is the case with earthly servants, to discharge our duty at a distance or out of the sight of our Master; that we are ever to follow in the steps of Jesus, knowing His acts and with all our deeds known to Him.

Blissful indeed is the present life of Christ's servant, superlatively blissful the prospect of his future, brought nearer by the passing hours of each day. Alas, that so many are determined that they will not have this Man to rule over them!—Episcopal Recorder.

## TWO GERRYMANDERS.

### The Democrats Have Planned Them If They Win.

### TO CAPTURE THE STATE SENATE

And the Ohio Delegation to Congress Will Be Their Purpose—Great Importance of the Election This Fall For These Reasons.

One of the many important points to be considered by the Republican voters of the state in casting their ballots at the November election has been lost sight of in the general discussion of the issues of the campaign. Reference is made to the composition of the joint commission, composed of the governor, secretary of state and auditor of state, who, under section 11 of the constitution of Ohio, are charged with the work of redistricting the state for legislative purposes immediately after the taking of the federal census. Two of that commission, the governor and auditor of state, are to be chosen in November, and if the Democrats should carry their state ticket, Secretary of State Kinney would be the minority of the commission, and powerless to act. Under this reapportionment it would be possible for the Democratic majority to so fix the senatorial districts that the Republicans of Ohio would be deprived of their proper representation in the senate, and that would be a very important thing in the election of the Seventy-fifth general assembly, charged with the duty of electing a United States senator to succeed Hon. J. B. Foraker.

The last apportionment of the general assembly was in 1891, when Governor Campbell was the chief executive, but he was in the minority, the majority being made up of Secretary of State Ryan and the late State Auditor, Hon. E. B. Poe. The apportionment made by this commission was attacked in the supreme court by the Democrats, but its constitutionality was upheld, and legislatures have been elected under it ever since. The coming election of members of the house and senate will be under the fifth or last period.

If the Democrats succeed in electing a majority of the members of the general assembly next month, the question of gerrymandering the state for congressional purposes will be determined. The federal census will be taken in June, and under the law it will be the duty of the legislature to redistrict the state for congressional purposes. If the Democrats win, one of the most important political acts of that body will be along the lines mentioned, and the result will be that the Republicans, who are in a large majority in Ohio, will be deprived of their proper representation. The Ohio delegation in congress now consists of 15 Republicans and 6 Democrats, but this would be reversed by the Democratic managers if they had the power and it was possible to make up the districts so, even if they did look like a bootleg or a rail fence.

The election of the Democratic state ticket, therefore, means the redistricting of the state for legislative purposes, so as to make almost impossible the election of a Republican to the United States senate in 1902, and depriving the Republicans of Ohio of their fair representation in congress. These matters are most important and should be kept in mind by every Republican in the state of Ohio. They are of vital interest to the party, and mark the high stakes for which John R. McLean is playing.

The United States is not a nation of bloodthirsty men. The most tender-hearted man will defend his wife and children from the bloody hand of the assassin. So it is with patriots. They deplore war with its attendant horrors, but they immediately take up arms in defence of their country's flag. The Filipinos, without provocation, fired upon that flag. Our brave soldiers are there to defend that flag.

### Too Complicated.

Life is so complicated a game that the devices of skill are liable to be defeated at every turn by air blown chances, incalculable as the descent of a thistle down.—George Eliot.

When a man falls headlong from a roof, we think only of the hazardous character of his employment. It does not occur to us that thousands of men at sea or on land are hourly climbing to dizzy heights without a fear and without a fall, and that the real danger is not in the employment but in the weakening of the nerves and giving way of the muscles. That danger is just as great to the man on the sidewalk or in the office as to the man on the roof. When the stomach and the organs of digestion and nutrition are diseased the blood becomes impoverished, and nerves and muscles grow weak for lack of nutrition. More fatal diseases probably begin with "weak stomach" than with any other cause. The first symptom of disordered stomach calls for prompt use of Dr. Pierce's Golden Medical Discovery. It is a vegetable medicine, absolutely non-alcoholic and non-narcotic, and is unequalled for the strength it gives to blood, nerves and muscles.

"During the summer and fall of 1896," writes Chas. H. Sergeant, Esq. of Plain City, Madison Co. Ohio, "I became all 'run down,' nerves and stomach were out of order. I wrote to Dr. Pierce for advice. He said I had general debility, and advised Dr. Pierce's Golden Medical Discovery, and, thanks to you for your advice, I used six bottles, and since I stopped taking it about one year ago, I have not felt any medicine of any kind, and have been able to work every day. My appetite is good, I can eat three square meals a day, and I do not feel that miserable burning in the stomach after eating. I think I am now well."

## YES OR NO.

East Liverpool People Are Respectfully Asked to Answer These Questions.

Is there anything in the evidence of one's senses?

Can the reader dispute and then disprove local evidence?

Can reliance be placed upon statements from people we know?

Are the opinions of residents of East Liverpool of any greater moment than opinions held by residents of Maine or Michigan?

Would you sooner believe people living in those states than those in your own city?

Answer these questions honestly after you have quietly read the following:

Mr. R. H. Hawkins, an employee of Sebring's pottery, who lives at 234 Second street, says: "I had been taking medicine for my kidneys right along, and if I had found a cure I would have had no occasion to use Doan's Kidney Pills. I was troubled two years or more with distressing backache across the loins, a steady aching pain with quick twinges now and then while stooping or lifting, that felt as if a sharp instrument had pierced my back, and the secretions of the kidneys were highly colored, feverish or slightly scalding. Work seemed to be a drag; I had no energy, and I am more than thankful that I was induced to go to the W. & W. pharmacy and get Doan's Kidney Pills. After taking them there was no sign of my old complaint."

Doan's Kidney Pills are sold for 50 cents per box by all dealers, or sent by mail on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name—Doan's—and take no other.

## EPWORTH LEAGUE.

Topic For the Week Beginning Oct 29, "Giving a Measure of Love." Text, Mark xlii, 41-44.

"She threw in two mites."

The widow's gift has become historic. The duty to give in proportion to one's possessions is becoming more clear to many Christians. Some are giving one-tenth of their income. Others are finding that they are able to live on less than nine-tenths of their income and are gladly using a larger proportion for the direct work of God in the world. There are many who have found themselves greatly prospered in material as well as spiritual lines since they adopted a course of systematic and proportionate giving. It is certain that the Scriptures commend and in many places command this practice.

The chief obstacles to the adoption of the practice by all the people of the League and church lie in the dislike of binding oneself down to rules and general carelessness in regard to methods and means of grace.

A still more serious difficulty lies in the taste for luxuries and dislike of sharp self denial. Many young people and workmen with large families find the expenses of living and the small wages received make it very hard work to lay up any surplus. To give away cash when there are so many things they want themselves is asking too much. So the collection box passes unnoticed. These are the people who will always feel uncomfortable when subscriptions are asked for. Some will resent it as "continual begging."

But the widow who gave the two mites belonged to the class of the poor workers. She found her soul hunger for God's service more imperative than the need for food. Her tribe has never become extinct. There are multitudes of the poor, some very poor, whose hands are always open to the needy and who will give to others even if their giving means the halving of their last loaf. Covetousness is no more a matter of quantity than is generosity. Stinginess is not a matter of dollars and cents, but of inner spirit. We need to cultivate generous feeling toward others and to let our sympathy get into our purses.

### A Modern Missionary.

Distance is needed to see many objects in due proportion and proper setting. So of men. Too near to them, we often miss some essential features and miscalculate their worth as too great or too little. After a century has solidified and settled the work he did John Wesley looms up in history, grander in proportion and finer in mold than ever before. The Spectator of London, one of the most ably conducted and influential publications of the world, recently had a long article on Wesley and his work, in which higher estimate is placed upon his character and influence than has been usual in the highest literary circles of Britain. Shakespeare and Wesley are named as the greatest of Englishmen. As the labors of the latter were religious mainly and the former is known only in his literary work, the Methodist of Epworth and Oxford must ever rank superior to even the bard of Stratford-on-Avon.

WESLEY CENTENARY STATUE.

As the greatest of Englishmen. As the labors of the latter were religious mainly and the former is known only in his literary work, the Methodist of Epworth and Oxford must ever rank superior to even the bard of Stratford-on-Avon.

It is not too much to say that but for the Wesleys and their associates in the last century there is little doubt that England must have suffered from a revolution more bloody and brutal than that which deluged France with blood in the mad struggle of the masses with the privileged classes. The Methodist revival worked an almost complete reformation of manners and morals and led to a political revolution but little less radical and complete than that across the channel, only it was accomplished by parliamentary methods and without bloodshed and violence.

The centennial statue of John Wesley stands in London in front of his chapel in City Road.

"The Leakage and How to Stop It." Such is the title of a small pamphlet

by Rev. Thomas F. Rawlins published by the Wesleyan Book Room, London. It is a prize essay and deals with a problem similar to the one which has been agitating the Methodist Episcopal church for some months past. All denominations have awakened to the fact that additions to their membership have decreased rapidly and alarmingly. Search has been made diligently for the cause. Many defects have been pointed out, and the fault has been variously ascribed and many remedies suggested.

The growth of Young People's societies has been rapid and their work prominent at the time of this difficulty in the church. This writer gives the causes of decline as—

1. Premature reckoning of persons as full members.
2. Absence of public recognition of new members.
3. Dissatisfaction with class meeting.
4. Neglect of leaders to visit absentee members.
5. Lack of assurance of acceptance with God.
6. Removals without letters.

In his remedies he suggests no new methods, but a working of the present machinery, a return to earnest working of Methodist rules. He declares from happy experience that it is entirely adequate. The tract would do our Leaguers good.

### McLean Sneers at the Flag.

Those who labored to have the American flag raised on every schoolhouse in the country, were deeply and justifiably incensed at John McLean's insult hurled at them.

It will be remembered that certain patriotic orders worked through the legislatures to have a law passed providing for an American flag for every school.

Commenting on this in an editorial in his Cincinnati Enquirer of Feb. 9, 1895, Mr. McLean made the following unpatriotic declaration:

"At the instance of a 'mouthy' patriot the Pennsylvania senate has passed a bill providing for an American flag on the schoolhouses in the state, the staff to be made of American wood and the flag itself to be of American bunting, manufactured from American wool, grown by American workmen."

"There ought to be a general law for the suppression of 'jawsmiths' in the legislature."

This excellent measure was not inspired by a "mouthy" patriot or a "jawsmith" who needs legislation to suppress him. It was the outflow of a patriotic heart who desired to see a flag where every young scholar in the land could see it, and be ever kept in mind of its glorious principles and achievements.

But Mr. McLean, now Democratic candidate for governor of Ohio, could not appreciate such a spirit of patriotism.

The wage-earners of this country are not yet ready to cut their wages in two and give their employers one-half by accepting 48-cent dollars for the work they do. They have Mr. Bryan's own word for it that the working classes in Mexico, where the free coinage of silver prevails, can buy only one half as much with their dollars as we buy with United States dollars.

### The Christian Man's Life.

A Christian man's life is laid in the loom of time to a pattern which he does not see, but God does, and his heart is a shuttle. On one side of the loom is sorrow, and on the other is joy, and the shuttle, struck alternately by each, flies back and forth, carrying the thread, which is white or black, as the pattern needs. And in the end, when God shall lift up the finished garment and all its changing hues shall glance out, it will then appear that the deep and dark colors were as needful to beauty as the bright and high colors.—Henry Ward Beecher.

### Education.

Education is not mere learning or the acquisition of knowledge—the acquisition of a treasure to be laid up in the mind and to remain there without living energy. Education is the cultivation and development of thinking power, and a man who has not secured for himself this has so far wasted the years of his education.—From "Thoughts of and For the Inner Life," a Volume of Sermons by Ex-President Dwight of Yale, Just Published.

## UNION LABELS.

It should be a deep-rooted principle of all union workmen and union sympathizers, and particularly those members of the different organizations of East Liverpool, to buy nothing but Union Label goods, in preference to all others. And why not? If we ask fair wages for our labor, why should we buy goods made at unfair wages by others?

The Union Label in every industry is a guarantee of fair wages, decent working hours, and union labor employed.

"There ought to be a general law for the suppression of 'jawsmiths' in the legislature."

This excellent measure was not inspired by a "mouthy" patriot or a "jawsmith" who needs legislation to suppress him. It was the outflow of a patriotic heart who desired to see a flag where every young scholar in the land could see it, and be ever kept in mind of its glorious principles and achievements.

But Mr. McLean, now Democratic candidate for governor of Ohio, could not appreciate such a spirit of patriotism.

The wage-earners of this country are not yet ready to cut their wages in two and give their employers one-half by accepting 48-cent dollars for the work they do. They have Mr. Bryan's own word for it that the working classes in Mexico, where the free coinage of silver prevails, can buy only one half as much with their dollars as we buy with United States dollars.

### The Christian Man's Life.

A Christian man's life is laid in the loom of time to a pattern which he does not see, but God does, and his heart is a shuttle. On one side of the loom is sorrow, and on the other is joy, and the shuttle, struck alternately by each, flies back and forth, carrying the thread, which is white or black, as the pattern needs. And in the end, when God shall lift up the finished garment and all its changing hues shall glance out, it will then appear that the deep and dark colors were as needful to beauty as the bright and high colors.—Henry Ward Beecher.

### Education.

Education is not mere learning or the acquisition of knowledge—the acquisition of a treasure to be laid up in the mind and to remain there without living energy. Education is the cultivation and development of thinking power, and a man who has not secured for himself this has so far wasted the years of his education.—From "Thoughts of and For the Inner Life," a Volume of Sermons by Ex-President Dwight of Yale, Just Published.

## UNION LABELS.

It should be a deep-rooted principle of all union workmen and union sympathizers, and particularly those members of the different organizations of East Liverpool, to buy nothing but Union Label goods, in preference to all others. And why not? If we ask fair wages for our labor, why should we buy goods made at unfair wages by others?

The Union Label in every industry is a guarantee of fair wages, decent working hours and union labor employed.

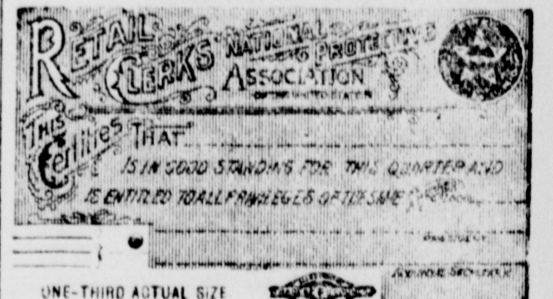

### UNION PAPERS.

All Union papers of East Liverpool are known to the various craft and unions of the city by the printing of the above Union Labels at the head of their columns.

### PATRONIZE UNION CLERKS.

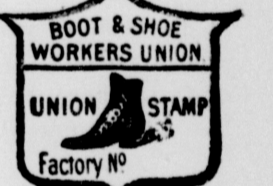

All members of the R. C. M. P. A. can show this card Ask for it when making your purchases. Endorsed by the A. F. of L.

ONE-THIRD ACTUAL SIZE. COLOR IS CHANGED EACH QUARTER. (The only card monthly changed in lower left hand corner, and when properly signed, and STAMPED with the number of the local.)

### UNION MADE BOOTS AND SHOES.

The Boot and Shoe Workers' union is the national head of the trade, and is a new combination of all the branches of boot and shoe workers. The above trade-mark when found on the sole or lining of a boot or shoe, is a guarantee that the same is made by union labor. Look for the above design stamped on the sole of every pair of boots or shoes you buy.

### CUSTOM TAILORS' LABEL.

The Journeymen Tailor's Label is to be found in the inside breast pocket of the coat, on the under side of the buckle strap of the vest, and on the waistband lining of the pants. It is printed in black ink on white linen.

### UNION MADE CLOTHES.

You will find the linen label attached by machine stitching to the inside breast pocket of the coat, on the inside of the buckle strap of the vest, and on the waistband lining of the pants.

### BICYCLE LABEL.

"Do unto others as ye would that others should do unto you." You will endorse the "Golden Rule" by buying and riding bicycles bearing this Label. The colors are as follows: The Union shield is in red, white and blue, on a background of pea green, bordered by gold. The Label will be placed on the upper front side of the tube that receives the seat post.

### UNION BREAD AND CRACKERS.

This is a full size facsimile of the Label of the Bakers' and Confectioners' union. It is printed on fine white paper and is pasted on each loaf of union-made bread. It is an evidence that the bread is made under fair and wholesome conditions, and in clean and healthy bakeries. Following is the confectioners' and crackers Label:

## BRISK TRADE HOLDS UP.

Industries Still Supported by Greatest Volume of Business Ever Known. Heavy Transaction in Rails.

New York, Oct. 28.—R. G. Dun & Co.'s weekly review of trade issued today said in part:

Fears and not facts made a war in South Africa seem a menace to prosperity here and a week of conflict has cleared away the fear. British markets for securities have been helped by the belief that mining shares would be worth more with no Boer control in mining regions, and large purchases here of ammunition, packed meats and other army food have swelled the balance due this country. Money markets have grown less embarrassing, stocks have gradually advanced, industries are still supported by a volume of demand for which no precedent can be found, and payments through the principal clearing houses for the past week have been 36.6 per cent larger than last year and 57.5 per cent larger than in 1892. So great an increase shows the net result of many and potent forces making for public prosperity.

The heaviest transactions in steel rails ever made so early, cover 1,500,000 tons for next year's delivery, or two-thirds of the entire annual capacity of the works. The Pennsylvania is said to have taken 105,000 tons at \$33, but at the leading railroads made large purchases, and the price was then advanced to \$35 per ton, the same works having been delivering during the past year at \$18 to \$19. Great contracts for material follow, one concern having bought 100,000 tons Bessemer pig at Pittsburgh, for \$23, while \$24.50 is paid for early deliveries, and 50,000 tons billets were sold to one concern there and 30,000 tons at Wheeling, \$38.50 being quoted, with slabs at \$39.50 and sheet bars at \$36. Such transactions only show the general belief that high prices will run far into next year. For structural work, many orders appear, including some of consequence for the east and for Cuba, and in cars the car and implement demand makes the Chicago market very strong, but at Pittsburgh works anxiety for future contracts has depressed the price to 2.15 cents, and in plates some works have nearly caught up with contracts and are accepting 2.75 cents. Sheets are also weaker, 3.05 being quoted at Pittsburgh, as the proposed combinations seems to have failed.

Coke holds strong, shortness of cars hindering deliveries, though more over than ever before are producing.

Buying of wool has been heavy at Boston, 10,071,200 pounds for the week, and at the three chief markets, 13,574,837 pounds, making 42,928,289 pounds in four weeks, against 36,394,090 pounds in 1897, when the last great speculation was on foot. Many mills are now buying which have recently started after long idleness, besides the American Woolen company, with others, which have bought largely before, while foreign quotations and some British buying of Australian and South African wool stimulate the market, though prices are not notably higher. The demand for goods improves, and a great season is confidently expected.

Wheat remains practically unchanged, while Atlantic exports, flour included, have been 12,932,841 bushels in four weeks, against 13,483,056 last year, and Pacific exports 2,197,771 bushels, against 3,124,306 last year. Western receipts fall short and in four weeks have been only 30,022,053 bushels, against 40,150,690 last year. Without concert there is probably some waiting for better prices by farmers. Corn exports continue to show the magnitude of foreign demand for breadstuffs, reaching 14,478,771 bushels, against 8,546,972 last year, and the demand has been large enough to advance the price 1½ cents.

Failures for the week have been 19 in the United States, against 226 last year, and 23 in Canada, against 24 last year.

**PETTIGREW PRAISED AGUINALDO.**  
Called Him a Patriot and Hero in a Speech.

ABERDEEN, S. D., Oct. 28.—Reports from Senator Pettigrew's meeting at Woonsocket, credit him with having eulogized Aguinaldo as a patriot and hero. He never once referred to the achievements of the South Dakota regiment in Luzon or mentioned its homecoming. At the conclusion of this portion of his address, he said:

"I am ashamed of my country; I would pull down the flag and go back and blot out recent history if I could."

**Injured in a Collision.**

DETROIT, Oct. 28.—Of the score of passengers in the Mt. Clemens suburban car who were injured in the collision at the Belt line crossing, the condition of but two is considered dangerous. John Niederhauser, who was injured internally, rested easily. Louis Kreis, who is suffering broken ribs and injured kidney, is almost certain to recover.

**Pennsylvania to Take Control.**  
COLUMBUS, Oct. 28.—Definite an-

nouncement was made that the Pennsylvania company will assume full control of the Cleveland, Akron and Columbus road on Nov. 1. H. W. Byers from the Pittsburg, Youngstown and Ashtabula will be the new superintendent, with a division headquarters at Akron.

## FEDERAL LABOR UNION

**Elects Officers Last Night and Orders the Strike at the Foundry.**

Federal Labor union, No. 6785, A. F. of L., met last night and elected the following officers to fill unexpired terms: Vice president, Frank Hale; financial secretary, J. F. Fisher; guard, J. A. Jones; guardian, Ed Patterson; trustees, C. W. Brownfield, W. M. Murray and Talbert McCain.

The trouble at the Patterson foundry was explained, the machinists asking 28½ cents an hour, nine hours to constitute a day's work and one apprentice to every four journeymen. Mr. Patterson, as president of the concern, had been seen, but he refused to grant the demands. The union then ordered a strike.

Moulders are working at both plants and they are members of the Beaver Falls local, and have been ordered out, but are waiting, it is said, until the machinists' trouble is settled.

## MACHINISTS STRIKE FOR HIGHER WAGES.

**Seven Employees at Patterson's Foundries Ask For Advance and Shorter Hours.**

The machinists at the Patterson foundry on Walnut street struck this morning. The men demand 28½ cents and 9 hours to constitute a day's work. Mr. Patterson was seen this morning and in speaking of the matter said: "We are paying more than any of our competitors. The men are demanding enormous concessions, which we cannot grant. We are paying as much now as possible."

The machinists decided to strike at a meeting held last evening in their rooms in the Exchange block. Those who are out are Tal McCain, E. J. Jones, William Murray, Ed Patterson, John Peck, Frank Hale and Jay Fisher.

## LIBRARY DIRECTORS MEET

**And Hear a Report of the Treasurer and Order Another New Book.**

The library directors met last evening and heard the report of Treasurer Warner. It showed that \$1,265.98 had been received since the first of the year and \$1,134.80 expended, leaving a balance in the treasury of \$131.18. The book committee were instructed to purchase "Seats of the Mighty," and an order was drawn in favor of the News Review for \$7.50. It was decided to adopt a new system of shelving and the Lisbon system will be investigated. Superintendent Rayman and C. W. Brownfield were appointed a committee to investigate and ascertain what it would cost to have an expert come here and label the books under the Dewey system.

## SALE OF BONDS.

OFFICE OF CITY CLERK.

EAST LIVERPOOL, O., Oct. 28, 1899.

SEALED proposals will be received at this office until

**TUESDAY, the 28th Day of November, 1899,**

at 12 o'clock M., for the purchase of twenty bonds of the city of East Liverpool, Ohio, bearing date the first day of December, 1899, and payable in twenty (20) years from date of issue, each bond being for the sum of one thousand (\$1,000) dollars and bearing interest at the rate of four (4) per centum per annum, payable semi-annually, both principal and interest being payable at the Ninth National Bank, New York city.

Said bonds are issued for the purpose of acquiring the real estate necessary for the erection of a public library and in pursuance of Sections 2835-36-37 of the Revised Statutes of Ohio and of an ordinance entitled, "An Ordinance, No. 607, to provide for issuing the bonds of the city of East Liverpool, Ohio, for the purpose of acquiring the real estate necessary for the erection of a public library," passed the 26th day of September, 1899, authorizing their issue.

Bidders will be required to state in writing and in figures the gross amount they will pay for the bonds bid for in addition to the accrued interest at the date of delivery, and no bid will be accepted for less than par and accrued interest at date of delivery.

Each proposal must be accompanied by a certified check on some national bank for one per cent of the amount of the bid, check to be made payable to the order of the Clerk of said city, as a guarantee that if the bid is accepted the bonds will be promptly paid for when delivered, otherwise said deposit to be forfeited to said city.

The City Council reserves the right to reject any or all bids.

Proposals should be addressed to  
J. N. HANLEY,  
City Clerk.

## SALE OF BONDS.

OFFICE OF CITY CLERK.

EAST LIVERPOOL, O., Oct. 28, 1899.

SEALED proposals will be received at this office until

**TUESDAY, the 28th Day of November, 1899,**

at 12 o'clock P. M., for the purchase of twenty bonds of the city of East Liverpool, Ohio, bearing date the first day of December, 1899, and payable in twenty (20) years from date of issue, each bond being for the sum of one thousand (\$1,000) dollars and bearing interest at the rate of four (4) per centum per annum, payable semi-annually, both principal and interest being payable at the Ninth National Bank, New York city.

Said bonds are issued for the purpose of acquiring the real estate necessary for the erection of a public library and in pursuance of Sections 2835-2837 of the Revised Statutes of Ohio and of an ordinance entitled, "An Ordinance, No. 607, to provide for issuing the bonds of the city of East Liverpool, Ohio, for the purpose of acquiring the real estate necessary for the erection of a public library," passed the 26th day of September, 1899, authorizing their issue.

Bidders will be required to state in writing and in figures the gross amount they will pay for the bonds bid for in addition to the accrued interest at the date of delivery, and no bid will be accepted for less than par and accrued interest at date of delivery.

Each proposal must be accompanied by a certified check on some national bank for one per cent of the amount of the bid, check to be made payable to the order of the Clerk of said city, as a guarantee that if the bid is accepted the bonds will be promptly paid for when delivered, otherwise said deposit to be forfeited to said city.

The City Council reserves the right to reject any or all bids.

Proposals should be addressed to

J. N. HANLEY, City Clerk.

**BRISK TRADE HOLDS UP.**

Industries Still Supported by Greatest Volume of Business Ever Known. Heavy Transaction in Rails.

New York, Oct. 28.—R. G. Dun & Co.'s weekly review of trade issued today said in part:

Fears and not facts made a war in South Africa seem a menace to prosperity here and a week of conflict has cleared away the fear. British markets for securities have been helped by the belief that mining shares would be worth more with no Boer control in mining regions, and large purchases here of ammunition, packed meats and other army food have swelled the balance due this country. Money markets have grown less embarrassing, stocks have gradually advanced, industries are still supported by a volume of demand for which no precedent can be found, and payments through the principal clearing houses for the past week have been 39.6 per cent larger than last year and 57.5 per cent larger than in 1892. So great an increase shows the net result of many and potent forces making for public prosperity.

The heaviest transactions in steel rails ever made so early, cover 1,500,000 tons for next year's delivery, or two-thirds of the entire annual capacity of the works. The Pennsylvania is said to have taken 105,000 tons at \$33, but at the leading railroads made large purchases, and the price was then advanced to \$35 per ton, the same works having been delivering during the past year at \$18 to \$19. Great contracts for material follow, one concern having bought 100,000 tons Bessemer pig at Pittsburgh, for \$23, while \$24.50 is paid for early deliveries, and 50,000 tons billets were sold to one concern there and 30,000 tons at Wheeling, \$35.50 being quoted, with slabs at \$39.50 and sheet bars at \$36. Such transactions only show the general belief that high prices will run far into next year. For structural work, many orders appear, including some of consequence for the east and for Cuba, and in cars the car and implement demand makes the Chicago market very strong, but at Pittsburgh works anxiety for future contracts has depressed the price to 2.15 cents, and in plates some works have nearly caught up with contracts and are accepting 2.75 cents. Sheets are also weaker, 3.05 being quoted at Pittsburgh, as the proposed combinations seem to have failed.

Coke holds strong, shortness of cars hindering deliveries, though more even than ever before are producing.

Buying of wool has been heavy at Boston, 10,071,200 pounds for the week, and at the three chief markets, 13,579,837 pounds, making 42,928,289 pounds in four weeks, against 36,394,090 pounds in 1897, when the last great speculation was on foot. Many mills are now buying which have recently started after long idleness, besides the American Woolen company, with others, which have bought largely before, while foreign quotations and some British buying of Australian and South African wool stimulate the market, though prices are not quotably higher. The demand for goods improves, and a great season is confidently expected.

Wheat remains practically unchanged, while Atlantic exports, flour included, have been 12,932,841 bushels in four weeks, against 13,483,056 last year, and Pacific exports 2,197,771 bushels, against 3,124,306 last year. Western receipts fall short and in four weeks have been only 30,922,053 bushels, against 40,150,690 last year. Without concern there is probably some waiting for better prices by farmers. Corn exports continue to show the magnitude of foreign demand for breadstuffs, reaching 14,478,711 bushels, against 8,546,972 last year, and the demand has been large enough to advance the price 1 1/2 cents.

Failures for the week have been 19 in the United States, against 226 last year, and 23 in Canada, against 24 last year.

**PETTIGREW PRAISED AGUINALDO.**

Called Him a Patriot and Hero in a Speech.

ABERDEEN, S. D., Oct. 28.—Reports from Senator Pettigrew's meeting at Weonsocket, credit him with having eulogized Aguinaldo as a patriot and hero. He never once referred to the achievements of the South Dakota regiment in Luzon or mentioned its homecoming. At the conclusion of this portion of his address, he said:

"I am ashamed of my country; I would pull down the flag and go back and blot out recent history if I could."

**Injured in a Collision.**

DETROIT, Oct. 28.—Of the score of passengers in the Mt. Clemens suburban car who were injured in the collision at the Belt line crossing, the condition of but two is considered dangerous. John Niederhauser, who was injured internally, rested easily. Louis Kreis, who is suffering broken ribs and injured kidneys, is almost certain to recover.

**Pennsylvania to Take Control.**

COLUMBUS, Oct. 28.—Definite announcement was made that the Pennsylvania company will assume full control of the Cleveland, Akron and Columbus road on Nov. 1. H. W. Byers from the Pittsburg, Youngstown and Ashtabula will be the new superintendent, with division headquarters at Akron.

**FEDERAL LABOR UNION**

**Elects Officers Last Night and Orders the Strike at the Foundry.**

Federal Labor union, No. 6785, A. F. of L., met last night and elected the following officers to fill unexpired terms: Vice president, Frank Hale; financial secretary, J. F. Fisher; guard, J. A. Jones; guardian, Ed Patterson; trustees, C. W. Brownfield, W. M. Murray and Talbert McCain.

The trouble at the Patterson foundry was explained, the machinists asking 28 1/2 cents an hour, nine hours to constitute a days' work and one apprentice to every four journeymen. Mr. Patterson, as president of the concern, had been seen, but he refused to grant the demands. The union then ordered a strike.

Moulders are working at both plants and they are members of the Beaver Falls local, and have been ordered out, but are waiting, it is said, until the machinists' trouble is settled.

**MACHINISTS STRIKE FOR HIGHER WAGES.**

**Seven Employees at Patterson's Foundries Ask For Advance and Shorter Hours.**

The machinists at the Patterson foundry on Walnut street struck this morning. The men demand 28 1/2 cents and 9 hours to constitute a day's work. Mr. Patterson was seen this morning and in speaking of the matter said: "We are paying more than any of our competitors. The men are demanding enormous concessions, which we cannot grant. We are paying as much now as possible."

The machinists decided to strike at a meeting held last evening in their rooms in the Exchange block. Those who are out are Tal McCain, E. J. Jones, William Murray, Ed Patterson, John Peck, Frank Hale and Jay Fisher.

**LIBRARY DIRECTORS MEET**

**And Hear a Report of the Treasurer and Order Another New Book.**

The library directors met last evening and heard the report of Treasurer Warner. It showed that \$1,265.98 had been received since the first of the year and \$1,134.80 expended, leaving a balance in the treasury of \$131.18. The book committee were instructed to purchase "Seats of the Mighty," and an order was drawn in favor of the News Review for \$7.50. It was decided to adopt a new system of shelving and the Lisbon system will be investigated. Superintendent Rayman and C. W. Brownfield were appointed a committee to investigate and ascertain what it would cost to have an expert come here and label the books under the Dewey system.

## FRANCE IS NEUTRAL

No Ground to Bother England at Present.

KAISER TO REACH ENGLAND NOV. 20.

Official Statement Issued at Paris Denying Intended Franco-Russian Intervention—Many Boers Killed at Mafeking. Fighting About Kimberley.

PARIS, Oct. 28.—An authoritative statement was issued formally denying the rumors of intended Franco-Russian intervention in the Transvaal war and declaring that France has no ground and no desire for any such intervention at present and that Russia is most likely placed in the same position, adding that Germany is the only power directly concerned in the matter.

LONDON, Oct. 28.—The Berlin correspondent of The Daily Mail said:

"All the arrangements have been completed for Emperor William's visit to the queen. His majesty will arrive in England on Nov. 20 and remain at Windsor castle five days, after which he will go to Sandringham for a two day's visit to the Prince of Wales."

LONDON, Oct. 28.—The magistrate at Vryburg is responsible for a report made to Premier Schreiner, at Cape Town, that 513 Boers were killed at Mafeking.

The government has made public the following telegram from Governor Hutchinson, dated Pietermaritzburg, Oct. 26: "The following telegram has been received from Greytown, from D. Greig, a resident of Dundee, formerly in the telegraph service: 'I left Dundee this morning. General Symons died on Monday at 5 p. m. and was buried the following morning, close to the English church, by the Rev. W. Daily. There was a firing party and a few medical officers and a few civilians attended the funeral. There were no Boers. Colonel Eckett, Majors Boulbee, Hammersley and Nugent, and also Crum, Johnstone and Ryan are improving. The Boers occupied Dundee Monday afternoon.'"

A special dispatch from Cape Town gave details of the defeat of 700 Boers by the British at Siverton, north of Kimberley, Wednesday, in which the enemy was completely routed with heavy loss, the British loss being three men killed and 20 men, including two officers, wounded. This is probably the same fight, though a different date is given, as referred to in the Cape Town dispatch of Thursday, in which it was said official reports from Kimberley Tuesday announced that Colonel Scott-Turner, with 270 men, had an engagement with the Boers, during which a detachment of 150 men of the Lancashire regiment distinguished itself and the armored trains did good service. The Boers were unable to withstand the splendid charge of the Lancashires, who cleared the hill occupied by the enemy at the point of the bayonet. The Boer losses are described as very heavy. Colonel Scott-Turner's force consisted of the local volunteers who, with the Lancashires, completed the rout of the Burghers after Murray's artillery had driven them out of their entrenchments. Botha commanded the Boshof force. He was killed. He was a famous fighter.

Before the sortie, Kimberley was apparently in high spirits, as a dispatch from there, dated Oct. 23, says everyone was cheerful there at that time and that a wedding was celebrated there that day. The dispatch adds: "Great enthusiasm has been aroused here by the news of the British successes in Natal. Several farmers in the neighborhood of Kimberley have been noticed in the ranks of the Boers. A letter from Father Korke said 700 Boers, with 100 wagons, were holed up at Taungs. All the whites have left except the women, who sought refuge in the convent. The Boer commandant has promised to protect them."

The news from the northern border indicates that the Boers are actively trying to prevent Colonel Plumer from relieving Mafeking, hence the absence of news since Pretoria announced the bombardment of the place created considerable alarm.

Belated dispatches from Tuli Fort partially elucidated the situation on the Rhodesian border. It appeared that Colonel Plumer ascertained that all the Zoutpansberg Boers, numbering 700

men, mustered under riet Joubert, at the Brack river, and proceeded to Limpopo river, where they arrived Oct. 10, accompanied by a number of Shangaan and Zoutpansberg Kafirs, whom they had compelled to take up arms. The British thereupon captured three Kafir chiefs who are now held as hostages for the good behavior of their tribes.

On Oct. 19 reconnoitering patrols proceeding along the north bank of the river in a westerly direction suddenly encountered a party of Boers in some dense bush on the Rhodesia side of the Limpopo. The patrol retired and the Boers fired, wounding a trooper. Subsequently Captain Glynn, with a patrol, left Tuli with the object of locating the Boer force.

On Oct. 21 a strong Boer patrol was encountered at Rhodes' Drift in a thick bush. A sharp skirmish was the result. Two of the British were killed and two wounded. The Boers had seven men killed and many wounded. The Boers retired to a strong position on a kopje at Pont's Drift.

Major Pilsen, with an ambulance, proceeded to fetch the dead and wounded and, while placing the bodies on a cart, the Boers reopened fire, killing two horses, but in spite of the sharp shooting the British succeeded in carrying away their comrades.

The latest dispatch from Tuli, dated Oct. 24, says:

"A Boer patrol crossed the river ten miles above Rhodes' Drift twice recently, harrying native women and children. They shot cattle and looted."

During the retreat of General Yule to Ladysmith there were many anxious moments Monday night when the British marched through Van Londeers pass, six miles long, to Biggarsberg. The troops got through the dangerous defile which 50 men could have easily held at 3 o'clock Tuesday morning.

CAPE TOWN, Oct. 28.—According to further advices from Kimberley, the Boers removed their killed and wounded to carts. No reliable estimate of their losses was made. Mr. Rhodes rode out and watched the fight.

The townspeople, including the women, mounted the trenches, watching eagerly for the return of the troops.

Mr. Rhodes is cheerful and gives dinner parties daily, at which luxuries are abundant.

Heroic Action of Eight Boers.

DURBAN, Natal, Oct. 28.—An interesting incident in connection with the Elandsbaagte fight is reported here. When the fire of the British guns became too hot eight Boers ran forward out of cover and, standing together, coolly opened fire at the Imperial Light Horse with the evident purpose of drawing the latter's fire while their comrades retired. Seven out of the brave eight were killed.

Indignation at Dr. Hoffman.

CAPE TOWN, Oct. 28.—Great indignation was caused by the announcement that Dr. Hoffman, a member of the Cape house of assembly, with a party of assistants, was going to the Transvaal to do ambulance work. It was suspected that he would give information to the enemy.

Symons Ordered the Retreat.

LONDON, Oct. 28.—The Daily Telegraph publishes a dispatch from Ladysmith, dated Tuesday, saying in part: "General Symons ordered his column to march back to Ladysmith and, under his instructions, himself and all the wounded were placed in the hospitals at Dundee."

Nullified Free State Proclamation.

CAPE TOWN, Oct. 28.—Sir Alfred Milner, governor of Cape Colony, and W. P. Schreiner, the premier, issued a proclamation declaring null and void the proclamation of the Orange Free State, asserting that a portion of Cape Colony is now Free State territory.

Spies to Be Shot.

DURBAN, Natal, Oct. 28.—(Delayed in transmission)—Many spies have been arrested here and some of them will be shot.

BUILD UP MERCHANT MARINE.

Secretary Long Gives His Reasons For Favoring It.

CLEVELAND, Oct. 28.—Secretary of the Navy Long in a letter to a local paper said he was heartily in favor of the upbuilding of the merchant marine and presented three reasons for favoring the same, as follows:

First—By reason of the financial return which would follow from carrying our constantly increasing exports.

Second—From the increased business it would give our shipyards; and,

Third—Because it would furnish a reserve of seamen upon which the navy could draw in case of war.

## THE VISAYAN FALSE

Santiago Had Organized a Revolt at Iloilo.

HE WAS PLACED UNDER ARREST.

One of His Steamers Captured Carrying Supplies to the Rebels—Otis Refused to Confer With Rebels—Lawton's Advance North.

MANILA, Oct. 28.—M. Ruperto Santiago, one of the wealthiest Visayans who had taken the oath of allegiance to the United States, and who posed as a friend of Americans, was arrested at Iloilo, while other Visayans were being watched. The prisoner was charged with organizing a revolutionary junta. Santiago owned sugar estates throughout the island of Negros.

It was asserted that a council of ten and the manager of the junta met daily at Santiago's office for the purpose of engineering an extensive scheme of collections for an insurrection. One of Santiago's steamers was captured carrying supplies to the rebels. His arrest caused rumors of an outbreak of the natives of Iloilo, and precautions were taken to prevent trouble.

A battalion of the Eighteenth regiment and the marines of the gunboat Concord formed an expedition at Concepcion, Northern Palay, which was searching for the Concord's coxswain, who was supposed to be a prisoner. They found the place deserted and burned every house as a punishment.

WASHINGTON, Oct. 28.—The war department received the following messages from General Otis:

MANILA, Oct. 27.

Adjutant General, Washington:

Insurgent government submitted application to send five commissioners to Manila to arrange difficulties attending release of Spanish sick prisoners and discuss peace conditions. Declined. No negotiations necessary, as we would gladly receive all Spanish prisoners at our lines, welcome them from their cruel captivity and labor for their welfare. Correspondence by mail.

MANILA, Oct. 27.—Lawton's advance under Young, north San Isidro, near Cabanatuan. Established permanent station. Three months' supplies being forwarded by San Juan river route. Lawton meets a little resistance.

Twenty-sixth volunteers and battalion Nineteenth infantry sent to Iloilo.

Transport Tacoma, headquarters, seven companies, Twenty-seventh volunteers, arrived. Casualties, Corporal Henderson, Company C, washed overboard. Two men deserted and seven left sick at Honolulu, of whom Corporal Hunter, G, dead. No other casualties. Command in good health.

Transport Sheridan, Thirty-third volunteers and recruits, arrived. Good condition. One casualty, Private Hulan, Company K, died enroute.

## HOT FIGHT WITH REBELS.

Young's Column Encountered Filipinos Strongly Entrenched and Repulsed Them—Two Americans Killed.

MANILA, Oct. 28.—(10 a. m.)—General Young's column, which left San Isidro yesterday morning at daybreak, moving northward in the direction of Santa Rosa, encountered the enemy strongly entrenched just beyond the Tuboatin river.

A brisk fight ensued and the rebels were repulsed. Two Americans were killed and one wounded. Pursuit was impossible on account of the width and depth of the stream.

## SWINDLERS GOT \$45,000.

Washington (Pa.) Bank Hard Touched. Arrests Made in New York.

NEW YORK, Oct. 28.—A young man was arrested here on a warrant charging him with forgery. This warrant was issued by Magistrate D. M. Donehue of Washington, Pa. It charged William F. Ellis, C. B. Orris and T. J. Vandergrift with the larceny of \$45,000 from the First National bank of Washington, Pa., on Oct. 5 last. Ellis and his confederates are charged with having obtained \$40,000 on two notes and \$5,000

on another note dated Sept. 21, and signed by E. L. Parker & Co., a banking firm of Baltimore.

It was claimed that the signatures to the notes were forged.

It was claimed that the man arrested is the Ellis named in the warrant. He was said to be well known in society in Baltimore, Washington and New York.

Ellis in court positively denied the charge. He was held for examination without bail until next Monday.

## M. E. FOREIGN MISSIONS.

Committee Appointed at Cleveland Convention to Raise \$200,000 Among Women.

CLEVELAND, Oct. 28.—There was a good attendance at the second day session of the convention of the Women's Foreign Missionary society of the Methodist Episcopal church. The reference committee reported that 14 applicants had been appointed missionaries during the year and four of them sent to foreign fields. A committee was appointed to raise \$200,000 among women toward the twentieth century offering to be made by the Methodist churches for missionary work.

The report of the publication committee showed that the different publications of the society were accomplishing much good. A number of missionaries, home on sick leave, were introduced to the convention.

The foreign reports were read, after which Bishop Thoburn delivered a strong address upon the opportunities for missionary work that will soon be open in the Philippine islands.

In the afternoon addresses were made by Miss Louise Rothweiler and Miss Lulu Frey, missionaries to Korea.

## COURT BLOCKED MONNETT.

Chief Justice Shauck Would Not Allow Him to Take Depositions of Watson and Jones.

COLUMBUS, Oct. 28.—Attorney General Monnett arranged to take the depositions of former Attorney General I. K. Watson and Editor DeWitt C. Jones in relation to the charges of alleged attempted bribery filed by him against the Standard Oil company, but the proceedings will be stopped by the supreme court. Mr. Monnett notified the Standard's attorney and had served Messrs. Watson and Jones with subpoenas. Before anything had been done, however, Mr. Monnett was notified by Acting Chief Justice Shauck of the supreme court that the depositions could not be taken.

Judge Shauck explained that the court had not ordered the inquiry and that until this was done deposition could not be taken. The court might decide at its discretion to appoint a master commissioner to take the depositions or to hear the testimony orally.

SAMPSON VISITED OLD HOME.

Given a Reception at Palmyra, N. Y., and Presented a Flag.

PALMYRA, N. Y., Oct. 28.—Rear Admiral W. T. Sampson came to Palmyra the home of his boyhood, from Rochester. An official salute was fired from a battery on Prospect hill, while every locomotive and factory whistled joined in a noisy salute, which was augmented by the ringing of bells.

A procession was formed, which the admiral reviewed, after which he and his party, including Mrs. Sampson, were taken to the residence of Pliny T. Sexton, where luncheon was served. An informal reception followed to the intimate friends of the distinguished guest.

The exercises in the afternoon were held in the First Presbyterian church. Pliny T. Sexton, a schoolmate of Admiral Sampson, made an address of welcome.

After Admiral Sampson had responded, Mr. Sexton presented him with the flag which was flying over the capitol at Washington when congress adopted the resolution declaring for Cuban freedom, which was virtually the declaration of war against Spain.

General Rivera Was Dismissed.

HAVANA, Oct. 28.—General Rius Rivera, former civil governor of the province of Havana, whose withdrawal from the governorship was called as a resignation, denied that he resigned. He says that he was dismissed and that he does not know upon what grounds the dismissal was ordered. Senor Domingo Mendez Capote, secretary of state in the advisory cabinet of Governor General Brooke, said it was for the sake of harmony.

## DEATH OF GEN. HENRY

Great Warrior Passed Away Peacefully.

TO BE BURIED AT ARLINGTON.

His Remains Will Rest Near Those of Sheridan, Crook and Ord—Interment to Be With Full Military Honors, Militia Escort From New York.

NEW YORK, Oct. 28.—Brigadier General Guy V. Henry, U. S. A., late military governor of Porto Rico, died at his home, 139 Madison avenue, of pneumonia, aged 60 years. He had been unconscious for several hours and his end was peaceful. At his bedside were all the members of his family except his son, Captain Guy V. Henry, Jr., who is in the Philippines.

When General Henry was taken ill about ten days ago Dr. Smith, a specialist in pulmonary troubles, was summoned and he later called in consultation two other physicians. The patient commenced to sink Thursday and in the afternoon became unconscious. Oxygen was used Thursday night in the hope of carrying him through the crisis, but it was of no avail. His wife, his son Seton and his daughter, Mrs. Benton, were with him when he died. Lieutenant P. E. Frank of his staff was also at his bedside.

General Henry's remains will be taken from his home on Sunday and will be placed in a special car and the car attached to the Washington express, scheduled to leave at 12:55 p. m. Arriving in Washington, the body will be taken to St. John's church, where it will lie in state, with a special military guard, until 11:30 o'clock Monday morning, at which hour the funeral services will be held. The interment will be made in the Arlington National cemetery.

The body will be escorted from the house to the ferry, in this city, by the national and state troops. Of the latter there will be the Seventh, Sixty-ninth and Seventy-first regiments.

WASHINGTON, Oct. 28.—The death of General Henry was announced to the war department in a dispatch from Lieutenant Traub, aide-de-camp on the general's staff. The announcement was received with heartfelt expressions of regret from Secretary Root, Adjutant General Corbin and other high officials, as well as from the rank and file about the war department, for General Henry was a well-known figure here and universally esteemed.

The interment at Arlington will be with full military honors. The grave selected as the final resting place of the gallant soldier is on the slope at the east front of the Lee mansion, near the graves of Sheridan, Crook and Ord.

## DISCUSSED OHIO OUTLOOK.

Part of the Time Spent by the Cabinet in Talking on the Coming Elections.

WASHINGTON, Oct. 28.—Fully an hour of the session of the cabinet was consumed in a discussion of the political outlook; especially in Ohio, some of the members having received advices from their friends engaged in the campaign conveying an accurate statement of existing conditions.

The Philippine discussion was brought about through newspaper publications of recent date purporting to outline the treaty or arrangement General Bates made with the sultan of the Sulu archipelago. Secretary Root took occasion to point out the unsoundness and unfairness, as he alleged, of the criticisms which have been cast upon the friends of that arrangement, especially where they relate to the question of slave-holding in the islands.

Stone Invited Schley.

WASHINGTON, Oct. 28.—Governor Stone of Pennsylvania and Representative Graham of Pennsylvania called upon the president and urged the appointment of J. Linwood Brown of Allegheny City to a place on the interstate commerce commission caused by the retirement of Commissioner Callahan. Later Governor Stone called upon Admiral Schley and invited him to come to Allegheny City upon the occasion of the reception and placing of a Spanish cannon captured at Santiago.

## THE EAST END.

### PRIVATE EOFF WRITES

About Liverpool Soldiers In the Philippines.

#### TO SPEAK AT CONFERENCE

Three Well Known East Enders Went to Pennsylvania to Hunt Early In the Day--Boys From Out-of-Town Potteries to Spend Sunday In Town.

The most interesting letter that has come to this city from the Philippines for many months was received yesterday by Fireman William Terrence, of the East End station, from Harry Eoff, of Company M, Seventeenth United States infantry. The letter was mailed in Manila September 15. Aside from discussing the routine soldier's life, Eoff says:

"Within the last few weeks I have seen the following Liverpool boys, who are enjoying the best of health and are seemingly pleased with the life of a soldier. They are Tim Williams, Company I, Seventeenth infantry; John Shingleton, Jr., Company A, Twelfth infantry; Carroll Dodd, Company B, Sixteenth infantry; John Shingleton, Sr., Twelfth infantry; Norwood Taylor; Dan Raymond, Washington Volunteer infantry; Charles Goodballet and James Kelly, Company K, and William Welsch, Company D, Seventeenth infantry. Since Williams has been here he has had two attacks of Santiago chills.

"Our regiment is scattered about the island and my company is stationed at Calulut. Our company, M, has been on the firing line for quite a time, and we have been in a number of engagements. So far we have not lost a man."

Eoff states there is no use in treating the natives like Christians, and to end the war and to do it soon it is necessary to capture "Aggie" and the enemy, seeing they had lost their leader, would lay down their arms and quit fighting for good.

It will be remembered a report was circulated in this place about the time Eoff mailed his letter that he had been fatally wounded and Williams had died from being shot in the lungs.

#### DISTRICT CONFERENCE.

Rev. G. W. Orcutt Will Speak at Martin's Ferry Monday.

#### IS CHILD IN ENGLAND?

Much Wanted Lisbon Bank Cashier Thought to be Across the Ocean.

The first anniversary of the collapse of the First National bank of Lisbon and the disappearance of Cashier John Child was painfully observed in retrospection and regret by the people of the county seat and vicinity. The Buckeye State believes that Child is in London, England, engaged in the double duty of dodging arrest and looking up a fortune left to the Child family.

## WINE OF CARDUI

A LITTLE DOES MUCH.

BOONE, IOWA, Dec. 14.  
No tongue can tell what I have endured in the past ten years with my monthly sickness. While suffering untold agony, a friend called and recommended Wine of Cardui. I sent for a bottle, and Oh! what relief. After the first dose I began to feel better and have had no pain since.  
MRS. GRACE LAMPHERE.

McElree's  
**Wine of Cardui**

Wine of Cardui not only cures but it acts AT ONCE. Here is a case of ten years' standing, and yet one single dose made the sufferer feel better, and stopped the pain. The Wine goes straight to the seat of the trouble. It acts directly upon the menstrual and genital organs. Its action is not violent, and it does not force a result. It simply gives Nature that little assistance that the sufferer's system lacks. A single disorder in the feminine organs spreads many disorders all over the body, and when the Wine cures the source, all the other ills vanish as a matter of course. A woman can be her own physician and cure herself at home. Local examinations are largely things of the past—the obnoxious custom is no longer necessary. Wine of Cardui is the only perfectly safe and sure vegetable Wine made to-day for the cure of "female troubles".

### DO NOT LIKE THE PLAN

Likely No Joint County Infirmary Will Be Built.

#### MORE SCHOOL ROOM NEEDED

Institute Opened With Good Attendance This Afternoon--Chester Man Lost Some Money--Work at the Mill Progressing Rapidly--Personals.

The problem of building a joint county infirmary is still being strongly agitated by the people of Brooke county. The Hancock county people, and especially those at Cumberland, are against the scheme as will be seen by the following from the Herald of Wellsburg. "No communication has been received from the Hancock authorities as to the combination suggested recently and though we still continue of the opinion that the combination would be a good thing for both parties concerned, it does not look as though it meets with favor, especially, with either. Probably neither have given it the consideration, for lack of time more than anything else, that it deserves."

#### THE INSTITUTE.

Additional School Room Will Be Needed In Chester Soon.

The teachers' institute opened this morning in the Chester chapel with a large attendance. County Superintendent George A. Allison arrived early in the morning. When asked about the schools in the Grant district, he said: "All are being well attended and so far the term has been very successful. The Chester school is almost filled to its limit, and if scholars continue to come it will not be long until additional quarters will be needed."

#### SPECIAL SERVICES.

Presiding Elder Preached at the Free Methodist Church Last Night.

The first special service to be held in the Chester Methodist church since the annual conference was held last evening when the presiding elder preached. This evening the quarterly business meeting will be held, at which time some action will be taken toward collecting funds subscribed toward paying off the debt of the church. Services will be held all day tomorrow, commencing with a love feast.

#### WORKMEN QUIT.

Those on the Pile Driver Will Not Wait Until Payday.

A number of workmen on the pile driver, now working near the Marks farm, quit work yesterday and last night drew their checks from Contractor McNally. The men when asked why they left said they did not feel like waiting 30 days on their money after working a month. The next pay will be distributed to the laborers on November 18.

#### AT THE MILL.

Work on the Roof Was Commenced Yesterday.

The work of placing the roof on the rolling mill was commenced yesterday, and before the end of next week the entire iron building will be under roof. Ironwork is being received daily and placed in position as fast as is possible. The work on the stand pipe will be completed Monday.

### LISBON RAILROAD.

Patriot Says it will be Built to West Point this Winter, Beginning November 15.

The Lisbon Patriot is authority for the statement that information has been received at Lisbon from headquarters in New York that the railroad from Lisbon to West Point will positively be built and that work will be commenced not later than November 15. It will be known as the East Liverpool and Lisbon railroad, and will be used to develop the coal lands at West Point. The road is to be completed by February 1, 1900. It will connect with the Erie & Pittsburg and Lisbon & Western in Lisbon. The Patriot says that when the road gets "as far as West Point there is not a doubt that East Liverpool will see that the road goes on to that city."

## HAVE WE TOO MUCH?

Too much what? Too much prosperity. The man who thinks so, and who desires disaster, distress and general demoralization of industries, should vote for Boss McLean, the owner of the dirtiest journal published in the United States and the man who boasts that he can buy the berth of Governor of the grand old Buckeye commonwealth. The man who possesses good common sense, and who loves prosperity, will vote for Judge Nash, an honorable and honest man, against whom not even his hottest political enemies dare bring a charge of wrong doing from any standpoint. A vote for the side show run by Toledo Jones, means a vote for McLean, as the Democracy, backed by McLean's barrel, own the would-be reformer, whose one great ambition is REVENUE, obtained no matter how.

## A MODEL TOWN.

Would to God that East Liverpool were fashioned after the same manner and controlled by the same class of citi-

zens. We refer to the town of Minerva, Stark county, almost on the lines of Carroll and Columbiana counties, and distant from this city some 37 miles. Between seven and eight years ago, five saloons disgraced the main thoroughfare of the borough. Today there is not a saloon in the place, and the merchants and business and professional men, backed by all good citizens, openly subscribe funds for the prosecution of any outlaws who attempt to run speak-easies. Eight years ago there were four poor church edifices in the town. Today there are four FINE buildings devoted to the worship of God. Seventy-eight per cent of the residents own their own homes, and the merchants do a cash business. The citizens are honest, honorable and trustworthy and they pay their debts. Splendid stone pavements or sidewalks, substantially curbed, equal to any sidewalks in our first-class cities, are laid upon one side of the long main thoroughfare, with brick pavements on the opposite side, possibly to be replaced with stone, while the paving of the main street is only a question of a short time. Some few years ago the Sala Bros., earnest workers for the right, purchased the newspaper plant of the town, the owner agreeing not to enter into competition in the local field of journalism. Sala Bros. antagonized the saloon element, lost the town printing in consequence, and the whisky ring brought back the old proprietor of the paper and started a rival journal. Sala Bros. stood gamely to their guns, and the "man of broken promises" met the failure he so richly deserved. Two years ago the liquor league of Ohio attempted to again secure control of the town, aided by members of council builded after the pattern of some of our own city solons. Snap judgment in the shape of a hurried election was taken. The ministers of the city, aided by noble Christian women, and championed by the newspaper men, rallied to the rescue, and the result was the defeat of the "rum and ruin" party, by a vote of over four to one. "Praise God from whom all blessings flow."

Said a fine looking and brainy commercial traveler to the writer:

"I have been visiting the town of Minerva for the past few years, and I have no hesitancy in declaring that it is the very best town of its size in the state of Ohio."

Ohio has another model town in "Sebring," built under the enterprise of our hustling townsmen of East Liverpool. God bless and prosper the men who ring out defiance in the teeth of

## HAS NO USE FOR THE DEMOCRATIC WOLF.

WORKINGMAN--"That wolf of yours is no friend of mine sir! Excuse me if I refuse to let either of you in."

the liquor league, a combination formed in hades, eager and ready to do the devil's dirty work.

Oh, East Liverpool, city of churches, filled with PROFESSING Christians, when, in the name of God and humanity, will you awake from your lethargy and wipe out the accursed saloons, dens permitted to rule here by men now in council; men who dared to submit the question of "saloons or no saloons" to the voters of this city, and then, in defiance of the expressed will of the people, voiced at the election, disgraced and damned themselves by daring to override and flout the will of the sovereigns of this great republic. How long, oh God, how long?

## DISMISSED THE CASES.

The Mayor Said the Evidence Didn't Show That Temple and His Wife Were Guilty.

The cases of the city against William Temple and his wife were aired last evening before Mayor Bough, who decided this morning that there was not enough evidence to convict the parties and the cases were dismissed. The parties were arrested by Officer Grim, who was knocked down by Temple. The defense had four witnesses and the prosecution six. Solicitor McGarry looked after the interests of the city, while John Wallace looked after the side of the defendants.

The mayor in giving his decision in the cases quoted from the laws and ordinances and read the rule in which it stated that an officer in performing his duty must maintain command of temper, patience and decorum, and must at all times refrain from violent, coarse, profane and insolent language.

Hon. R. W. Tayler who will address a political meeting at Bellaire this evening will leave in the morning for Nebraska where he will stump the state for one week following after meetings held by Bryan and Altgeld. Mr. Tayler is under the direction of the National Republican committee.

## Taken to the Works.

LISBON, Oct. 28.—[Special]—Sheriff Gill took James Landis, of East Liverpool, and Harry Jones, of Leetonia, to the Canton workhouse this morning.

## WAS NEVER NOTIFIED

Andrew Carnegie's Offer Has Not Yet Been Accepted.

## PECULIAR NEGLECT SOMEWHERE

Although the Bond Issue was Voted on a Month Ago Nothing Has Been Done and it will be Almost a Month More Before Bonds Can be Sold.

Mr. Carnegie, by this time, must have a somewhat peculiar opinion of East Liverpool officials. When written to by public-spirited private citizens and asked to donate a public library to this city he lost no time in responding with an offer of \$50,000. After the Bradshaw site had been purchased privately for the city, Attorney G. Y. Travis informed Mr. Carnegie of the fact and the proposal to submit the bond issue to a vote of the people. Council then took hold of the matter and since that time it is said Mr. Carnegie hasn't heard a word from East Liverpool because no one officially was empowered to notify him.

The bond issue was voted on and carried September 23, more than a month ago. Nothing has been done by council, towards appointing a library commission which Steubenville did immediately after its bond election. The bonds have only been advertised for sale; in fact the ordinance authorizing the issue wasn't advertised until yesterday, and it will be at least 30 days before the bids for the bonds will be received and opened and the bonds sold. In the meantime Andrew Carnegie will not know whether he is out \$50,000 for a library for this city or not. The public will be interested in learning who was responsible for the delay.

## GO AND SEE IT.

Go and see what? That handsome show window of the Heisler, Bence Shoe company. The window is a beauty but the display of shoes for ladies and gentlemen is very much more handsome. After inspecting fully, step inside and find the finest lot of footwear in the city of East Liverpool; and further, don't forget that the prices are exceedingly reasonable.

## A Miser Murdered.

KNOXVILLE, Oct. 28.—Leon Jackson, a miser and eccentric character of Newport, Tenn., was murdered at his home by three men who called at the house ostensibly to get something to eat and provoked a quarrel. Mrs. Jackson was run from the house by their conduct. The strangers secured \$600.

## THE NEW LINES.

### How the Wards Are Divided Since the Fifth Ward Was Created.

The first precinct of the First ward commences at Ralston's crossing and includes all the territory to the east side of Broadway. It goes to the intersection of East Market street and runs up Calcutta road to Walnut street. The line then comes down Walnut street and goes out Bradshaw avenue to the line of the new Fifth ward. The second precinct takes in the same territory that formerly was in the third precinct.

The first precinct of the Second ward is the same as formerly, but the second precinct has been extended to take in all the new territory east of West Market street and west of the Calcutta road to the corporation line.

There is no change in the Third ward, but the First precinct of the Fourth ward has been extended to take in the territory west of California hollow and

east of Carpenter's run to the corporation line. The Second precinct of the same ward has been extended to the corporation and the Pleasant Heights people will vote in this precinct.

The Fifth precinct extends from Ralston's crossing to the state line and from the Ohio river to the corporation. The voting precincts will be fixed at the next meeting of council.

## POTTERY NEWS.

### Picked Up Around the Hustling Plants of the Ceramic City.

J. A. Lafferty, superintendent of the American Kaolin works of near Philadelphia, is in the city calling on the potteries.

R. C. Ewing, of Columbus, Tenn., was in the city today and placed some good orders with the Knowles, Taylor & Knowles company.

The Laughlin Pottery company today shipped 100 dinner sets to a Steubenville firm.

The packers at the Sebring pottery on Second street have started to work at 5 and 6 o'clock in the mornings during the week.

On Wheeling trade the Crockery Journal says there is not the slightest sign of diminishing trade thus far. Every factory of every kind in the Ohio valley is as busy as it can be. No goods are being piled up, everything being shipped as promptly as possible.

Writing of East Liverpool the Crockery and Glass Journal says: Too large a quantity of orders for which immediate shipment is demanded is the chief complaint at every pottery. Dealers are sending orders with no mention of price, glad to get them filled within any reasonable time at the highest current figures. It is goods now, not prices, that dealers are after. The mails are now pretty generally doing the business, and will probably continue to do it for the remainder of the year. No regular routes will be made by traveling men after this month.

The Sebring News says: The first ware of the new pottery is now undergoing the crucial test of fire, and it will be one month before it comes from the last kiln, a piece of finished ware ready for the table, and must pass through the hands of 45 experienced and skilled workmen before it is ready for shipment, each one of whom has a separate and distinct work to perform upon the ware from the clay mixer to the decorator.

Samuel Ales, of Baltimore, was in this city yesterday and purchased 3 car loads of ware.

The following named employees at the Salem China Company's plant will spend Sunday at East Liverpool: Homer Headley, Alonzo Berkheimer, M. Thornberry, Claud Hendricks, Samuel Taylor, Levi Bolton, John Mercer, Robert Maxwell, P. Hester, Alfred Moore, Bartley Horne, John Cunningham and W. Lithe.—Salem News.

O. H. Sebring is home from Sebring where he spent the week looking after the new plant.

Several additional workmen have been put on at the Diamond during the week.

The Globe sent a car of ware to Ennis, Texas, yesterday.

Trenton factories will not take orders for any more goods on many lines. Manufacturers are at their wits ends to placate customers who are howling for goods.—Crockery Journal.

#### Oil Lease Fire.

A railroader named George lighting his bicycle lamp on the Lisbon road near the Smith oil well on the Mick farm, near Wellsville, ignited the gas last evening and only for heroic work on the part of the crew, the oil tank would have been fired. As it was the flames shot along the line and flared around the tank. No one was injured, the tank being shut off just in time.

PHILADELPHIA, Oct. 28.—The session of the International Commercial Congress, held in the assembly room of the Bourse, was devoted to the discussion of pan-American subjects.

## THE OFFICIAL BALLOTS

### Secretary Hanley Has Received the Proofs.

### SIX PARTIES ON THE TICKET

But Four of the Parties Have No County Tickets—What It Costs to Hold an Election in the County—A Complete List of the Candidates For Land Appraiser.

Secretary Hanley has received a proof of the official ballots to be used in the election and there are six parties on the ticket. The Republican and Democrat parties have full tickets, but the Union Reform party is shy a candidate for common pleas judge, as Vandyke, of Wellsville, declined the nomination. The Prohibition party has no county ticket and the Socialist Labor is in the same boat with the exception that they have a candidate for common pleas judge in Henry Hull. Jones, for governor, is the only name on the Non-Partisan ticket. The Republican, Democrat and Union Reform parties have their emblems on the ticket, but the Prohibition, Socialist Labor and Non-Partisan are not entitled to an emblem, as they did not get the necessary one per cent of the votes at the last election and got on the ticket by petition.

#### Side Issues.

In Wellsville they will elect councilmen in the Fourth and Fifth wards and the nominees are as follows: W. G. Gloss, R.; D. H. Bower, D.; Thomas Boring, U. R.; Andrew Downer, R.; Ed J. Broderick, D.; George Culp, U. R. In Salineville a \$4,000 water works bond issue will be submitted.

#### What It Costs.

There are 312 judges and clerks in the county and 52 precincts. It costs in the neighborhood of \$3,000 to hold an election in the county, the pay and mileage of the judges and clerks amounting to between \$1,850 and \$1,900. This amount is paid from the county election fund.

## LAND APPRAISERS.

### A Complete List of the Candidates Selected by the Different Townships.

The selection of land appraisers will be submitted on a separate ticket and the judges and clerks will not get any extra pay for handling it. The returns will be submitted to the county auditor instead of to Secretary Hanley. A list of candidates is as follows:

Butler, M. G. Ruble, R.; Theodore Stark, D. Center, John M. Elliott, R.; Levi G. McCaskey, D. Elkrum, Horace Martin, R.; Edward Huffman, D. Fairfield, David Hoke, R.; W. C. Rummel, D. Franklin, John B. McQuilken, R.; J. B. Willyard, D. Hanover, T. C. Lindesmith, R.; G. Freece Whitacre, D. Knox, Alex J. Cameron, R.; L. W. Stouffer, D. Liverpool, J. Harvey Martin, R. ## ANOTHER FAKE.

### The Long Run Mine Story Is Exploded.

HON. M. D. RATCHFORD TALKS

Senator Hanna Has No More to Do With the Dillonville or Long Run Mines Than a New-boy Who Sells the Enquirer Has to Do With Its Policy.

Recently the McLean Cincinnati organ printed a full page article directed against Senator Hanna, in which the condition of the miners at Dillonville and Long Run in the Wheeling and Lake Erie mining district was asserted to be frightful, and the whole blame was thrown upon Senator Hanna. It was alleged that the Hanna Coal company owned the mines and treated the men like dogs. The whole article teems with scurrilous malice, and the most of the falsehoods are self-evident to intelligent men, but McLean does not depend upon intelligent men. A supplement of the Cincinnati Enquirer containing the libel referred to has been scattered broadcast over the state, especially among the miners.

Thus far ten malicious and sensational lies of first magnitude printed in the McLean newspaper and circulated over the state in supplements have been nailed as falsehoods. Men have been "interviewed" and made to denounce the Republican party and the very next day these men have published over their own signatures statements to the effect that the McLeanites have basely fabricated the whole story. In no single case has the McLean Cincinnati organ dared to defend its statements, and while these statements appear but once in the Cincinnati organ, they are circulated through the lesser organs in spite of their proved malignant and libelous falsehoods.

The following statement from M. D. Ratchford, one of the best known and most popular leaders of workingmen in the United States, is given to nail the last McLean lie. Mr. Ratchford was president of the Ohio division of the United Mine Workers of America in 1895 and 1896, and he was president of the national organization of the United Mine Workers in 1898 and 1899. He is the only man who was ever unanimously elected president of the Ohio division, and the only man who was ever elected unanimously president of the national organization. He has always kept the unwavering confidence of the miners and has always been their greatest champion. He was interviewed and made this statement:

"I have never understood, and do not now understand, that Senator Hanna or his company ever owned one dollar in the Dillonville or Long Run mines, or in fact any mine on the Wheeling and Lake Erie railway.

"On the contrary, I have been informed and believe it to be a fact, that the only connection between the receivers of the mining properties at Dillonville and Long Run and the Hanna company is such a relation as exists between a principal and his agent. The Hanna company has been and is still marketing the product of the mines; that is to say, the Hanna Coal company sells the coal from the Wheeling and Lake Erie mines. This practice is very general in Ohio among the largest companies, as well as in other states. This being the case, the Hanna company is simply acting as the sales agent and is not responsible in any sense for any disagreement that may arise between the receivers and the miners and operators of the mines in question—not any more than a newsboy is responsible for the management of the Cincinnati Enquirer, which he sells upon the street.

"However, it is due to the Hanna company to say that while its officials are not directly interested in these properties, the company has, on several occasions, used its influence to preserve peaceful relations between the receivers and the miners, and has done so to the advantage of the miners to my personal knowledge. During my whole experience in the mines of Ohio and Pennsylvania, I can frankly say that I have always found the attitude of the Hanna company in both states to compare more favorably from

the standpoint of the miners with that of any other company I have dealt with in these states.

"In saying this I do not wish to be understood as giving my indorsement to everything that has been done by mine bosses and mine managers. Disputes have often arisen without the knowledge of the company and for which the company should not be held responsible. Disputes are always easily adjusted, however, when taken up with the Cleveland office."

### CHRISTIAN ENDEAVOR.

Topic For the Week Beginning Oct. 29.—Comment by Rev. S. H. Doyle.

Topic.—Giving, a measure of love.—Mark xii, 41-44. (A meeting to consider systematic and proportionate giving.)

This incident took place in the temple. It is the familiar story of the widow's mites. Jesus was watching the people put their money in the treasury, which consisted of brazen trumpet shaped chests into which voluntary offerings for the sacrifice fund were placed. Many out of the abundance gave liberally. A poor widow gave two mites, but it was all her living for that day. Men would have condemned her act as one lacking judgment, but Christ commended the poor widow and declared that she had given more than all the rest.

Undoubtedly that which led Christ to commend the widow's gift was the fact that it was the offering of a humble heart, full of love to God. It was an expression of her gratitude to God. It was the measure of her love, and in giving all she proved that she loved God with all her being. Love should be the prompter of our gifts and the measure of them, but, alas, it is not always so, or, if it is, the love of many must be very small indeed. This gift of love sets forth the characteristics of true giving to God.

1. It was prompted by the proper motive—love to God. Love to God and for His cause in the world should inspire all our giving.

2. The purpose for which the gift was made was a good one. It was for the benefit of the sacrifice fund of God's temple—a most worthy purpose to which to give. Money given to win the applause of men to attain social or political position is not approved of God or commended by Christ. But if given for some noble and lofty purpose, the carrying forward of God's work in the world, the relief of the distressed and needy or the uplifting of mankind, God is sure to approve the gift and to bless and reward the giver.

3. It was a self sacrificing gift. It was a gift that cost something. It was the widow's all and perhaps necessitated want and hunger for that day at least. The value of a gift in the sight of God is not its literal worth, but the worth of the one who gave it. What it will appear in the sight of God will depend not upon how much we give, but upon how much we have left. God regards not so much what we give as what we keep. The greatness of the gift depends upon what it costs to make it. The rich gave more than the widow, but they had more left than she. Hence the superior character of her gift.

This poor widow's gift should inspire us to a more liberal and cheerful consecration of our money to Christ. If Christ thought it was right for her to give so liberally, He must think the same of us, and if He was willing to commend her He will be willing to commend and bless us.

Bible Readings.—Gen. xxviii, 19-22; Lev. xxvii, 30-34; Deut. x, 17; Hag. ii, 8; Math. vi, 23, 24; x, 8; Mark x, 17-22; Luke vi, 38; John xii, 1-8; Acts xx, 35; Rom. xii, 8; II Cor. viii, 1-12; ix, 1-15; Phil. iv, 15-17.

### Christ's Servant.

How sweet the service! How full of blessing to the servant, bringing him into closest relations with the Master he loves! For it is his privilege to follow Jesus and enjoy all the bliss of His company. In serving Christ we are not, as is the case with earthly servants, to discharge our duty at a distance or out of the sight of our Master; that we are ever to follow in the steps of Jesus, knowing His acts and with all our deeds known to Him.

Blissful indeed is the present life of Christ's servant, superlatively blissful the prospect of his future, brought nearer by the passing hours of each day. Alas, that so many are determined that they will not have this Man to rule over them!—Episcopal Recorder.

LONDON, Oct. 28.—A special dispatch from Cape Town said General Joubert, the Boer commander, sent a message of sympathy to Lady Symons, widow of General Symons.

### TO CAPTURE THE STATE SENATE

And the Ohio Delegation to Congress Will Be Their Purpose—Great Importance of the Election This Fall For These Reasons.

One of the many important points to be considered by the Republican voters of the state in casting their ballots at the November election has been lost sight of in the general discussion of the issues of the campaign. Reference is made to the composition of the joint commission, composed of the governor, secretary of state and auditor of state, who, under section 11 of the constitution of Ohio, are charged with the work of redistricting the state for legislative purposes immediately after the taking of the federal census. Two of that commission, the governor and auditor of state, are to be chosen in November, and if the Democrats should carry their state ticket, Secretary of State Kinney would be the minority of the commission, and powerless to act. Under this reapportionment it would be possible for the Democratic majority to so fix the senatorial districts that the Republicans of Ohio would be deprived of their proper representation in the senate, and that would be a very important thing in the election of the Seventy-fifth general assembly, charged with the duty of electing a United States senator to succeed Hon. J. B. Foraker.

The last apportionment of the general assembly was in 1891, when Governor Campbell was the chief executive, but he was in the minority, the majority being made up of Secretary of State Ryan and the late State Auditor, Hon. E. B. Poe. The apportionment made by this commission was attacked in the supreme court by the Democrats, but its constitutionality was upheld, and legislatures have been elected under it ever since. The coming election of members of the house and senate will be under the fifth or last period.

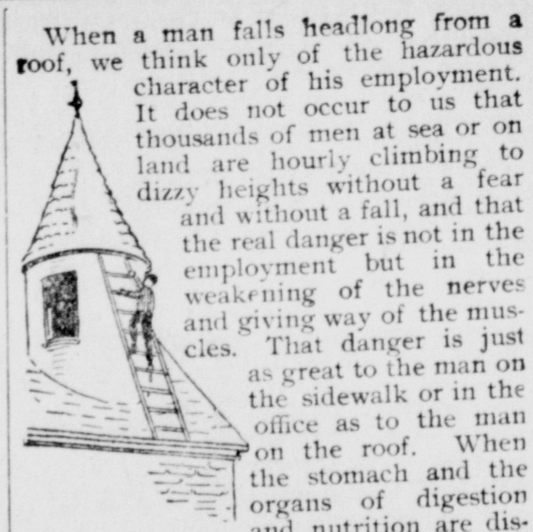

If the Democrats succeed in electing a majority of the members of the general assembly next month, the question of gerrymandering the state for congressional purposes will be determined. The federal census will be taken in June, and under the law it will be the duty of the legislature to redistrict the state for congressional purposes. If the Democrats win, one of the most important political acts of that body will be along the lines mentioned, and the result will be that the Republicans, who are in a large majority in Ohio, will be deprived of their proper representation. The Ohio delegation in congress now consists of 15 Republicans and 6 Democrats, but this would be reversed by the Democratic managers if they had the power and it was possible to make up the districts so, even if they did look like a bootleg or a rail fence.

The election of the Democratic state ticket, therefore, means the redistricting of the state for legislative purposes, so as to make almost impossible the election of a Republican to the United States senate in 1902, and depriving the Republicans of Ohio of their fair representation in congress. These matters are most important and should be kept in mind by every Republican in the state of Ohio. They are of vital interest to the party, and mark the high stakes for which John R. McLean is playing.

The United States is not a nation of bloodthirsty men. The most tender-hearted man will defend his wife and children from the bloody hand of the assassin. So it is with patriots. They deplore war with its attendant horrors, but they immediately take up arms in defence of their country's flag. The Filipinos, without provocation, fired upon that flag. Our brave soldiers are there to defend that flag.

### Too Complicated.

Life is so complicated a game that the devices of skill are liable to be defeated at every turn by air blown chances, incalculable as the descent of a thistle down.—George Eliot.

When a man falls headlong from a roof, we think only of the hazardous character of his employment. It does not occur to us that thousands of men at sea or on land are hourly climbing to dizzy heights without a fear and without a fall, and that the real danger is not in the employment but in the weakening of the nerves and giving way of the muscles. That danger is just as great to the man on the sidewalk or in the office as to the man on the roof. When the stomach and the organs of digestion and nutrition are diseased the blood becomes impoverished, and nerves and muscles grow weak for lack of nutrition. More fatal diseases probably begin with "weak stomach" than with any other cause. The first symptom of disordered stomach calls for prompt use of Dr. Pierce's Golden Medical Discovery. It is a vegetable medicine, absolutely non-alcoholic and non-narcotic, and is unequalled for the strength it gives to blood, nerves and muscles.

"During the summer and fall of 1896," writes Chas. H. Sergeant, Esq., of Plain City, Madison Co. Ohio, "I became all run down, all nerves and stomach were out of order. I wrote to Dr. Pierce for advice. He said I had general debility, and advised Dr. Pierce's Golden Medical Discovery, and thanks to you for your advice, I used six bottles, and since I stopped taking it about one year ago, I have not taken any medicine of any kind, and have been able to work every day. My appetite is good, I can eat three square meals a day, and I do not feel that miserable burning in the stomach after eating. I think I am now well."

## YES OR NO.

East Liverpool People Are Respectfully Asked to Answer These Questions.

Is there anything in the evidence of one's senses?

Can the reader dispute and then disprove local evidence?

Can reliance be placed upon statements from people we know?

Are the opinions of residents of East Liverpool of any greater moment than opinions held by residents of Maine or Michigan?

Would you sooner believe people living in those states than those in your own city?

Answer these questions honestly after you have quietly read the following:

Mr. R. H. Hawkins, an employee of Sebring's pottery, who lives at 231 Second street, says: "I had been taking medicine for my kidneys right along, and if I had found a cure I would have had no occasion to use Doan's Kidney Pills. I was troubled two years or more with distressing backache across the loins, a steady aching pain with quick twinges now and then while stooping or lifting, that felt as if a sharp instrument had pierced my back, and the secretions of the kidneys were highly colored, feverish or slightly scalding. Work seemed to be a drag; I had no energy, and I am more than thankful that I was induced to go to the W. & W. pharmacy and get Doan's Kidney Pills. After taking them there was no sign of my old complaint."

Doan's Kidney Pills are sold for 50 cents per box by all dealers, or sent by mail on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name—Doan's—and take no other.

## EPWORTH LEAGUE.

Topic For the Week Beginning Oct. 29, "Giving a Measure of Love." Text, Mark xii, 41-44.

"She threw in two mites."

The widow's gift has become historic. The duty to give in proportion to one's possessions is becoming more clear to many Christians. Some are giving one-tenth of their income. Others are finding that they are able to live on less than nine-tenths of their income and are gladly using a larger proportion for the direct work of God in the world. There are many who have found themselves greatly prospered in material as well as spiritual lines since they adopted a course of systematic and proportionate giving. It is certain that the Scriptures commend and in many places command this practice.

The chief obstacles to the adoption of the practice by all the people of the League and church lie in the dislike of binding oneself down to rules and general carelessness in regard to methods and means of grace.

A still more serious difficulty lies in the taste for luxuries and dislike of sharp self denial. Many young people and workingmen with large families find the expenses of living and the small wages received make it very hard work to lay up any surplus. To give away cash when there are so many things they want themselves is asking too much. So the collection box passes unnoticed. These are the people who will always feel uncomfortable when subscriptions are asked for. Some will resent it as "continual begging."

But the widow who gave the two mites belonged to the class of the poor workers. She found her soul hunger for God's service more imperative than the need for food. Her tribe has never become extinct. There are multitudes of the poor, some very poor, whose hands are always open to the needy and who will give to others even if their giving means the halving of their last loaf. Covetousness is no more a matter of quantity than is generosity. Stinginess is not a matter of dollars and cents, but of inner spirit. We need to cultivate generous feeling toward others and to let our sympathy get into our purses.

### A Modern Missionary.

Distance is needed to see many objects in due proportion and proper setting. So of men. Too near to them, we often miss some essential features and miscalculate their worth as too great or too little. After a century has solidified and settled the work he did John Wesley

THE WORLD IS MY PARISH.

Wesleyan Centenary Statue. Wesley is named as the greatest of Englishmen. As the labors of the latter were religious mainly and the former is known only in his literary work, the Methodist of Epworth and Oxford must ever rank superior to even the bard of Stratford-on-Avon.

It is not too much to say that but for the Wesleys and their associates in the last century there is little doubt that England must have suffered from a revolution more bloody and brutal than that which deluged France with blood in the mad struggle of the masses with the privileged classes. The Methodist revival worked an almost complete reformation of manners and morals and led to a political revolution but little less radical and complete than that across the channel, only it was accomplished by parliamentary methods and without bloodshed and violence.

The centennial statue of John Wesley stands in London in front of his chapel in City Road.

"The Leakage and How to Stop It." Such is the title of a small pamphlet

by Rev. Thomas F. Rawlins published by the Wesleyan Book Room, London. It is a prize essay and deals with a problem similar to the one which has been agitating the Methodist Episcopal church for some months past. All denominations have awakened to the fact that additions to their membership have decreased rapidly and alarmingly. Search has been made diligently for the cause. Many defects have been pointed out, and the fault has been variously ascribed and many remedies suggested.

The growth of Young People's societies has been rapid and their work prominent at the time of this difficulty in the church. This writer gives the causes of decline as—

1. Premature reckoning of persons as full members.
2. Absence of public recognition of new members.
3. Dissatisfaction with class meeting.
4. Neglect of leaders to visit absentee members.
5. Lack of assurance of acceptance with God.
6. Removals without letters.

In his remedies he suggests no new methods, but a working of the present machinery, a return to earnest working of Methodist rules. He declares from happy experience that it is entirely adequate. The tract would do our Leaguers good.

### McLean Sneers at the Flag.

Those who labored to have the American flag raised on every schoolhouse in the country, were deeply and justifiably incensed at John McLean's insult hurled at them.

It will be remembered that certain patriotic orders worked through the legislatures to have a law passed providing for an American flag for every school.

Commenting on this in an editorial in his Cincinnati Enquirer of Feb. 9, 1895, Mr. McLean made the following unpatriotic declaration:

"At the instance of a 'mouthy' patriot the Pennsylvania senate has passed a bill providing for an American flag on the schoolhouses in the state, the staff to be made of American wood and the flag itself to be of American bunting, manufactured from American wool, grown by American workmen."

"There ought to be a general law for the suppression of 'jawsmiths' in the legislature."

This excellent measure was not inspired by a "mouthy" patriot or a "jawsmith" who needs legislation to suppress him. It was the outflow of a patriotic heart who desired to see a flag where every young scholar in the land could see it, and be ever kept in mind of its glorious principles and achievements.

But Mr. McLean, now Democratic candidate for governor of Ohio, could not appreciate such a spirit of patriotism.

The wage-earners of this country are not yet ready to cut their wages in two and give their employers one-half by accepting 48-cent dollars for the work they do. They have Mr. Bryan's own word for it that the working classes in Mexico, where the free coinage of silver prevails, can buy only one half as much with their dollars as we buy with United States dollars.

### The Christian Man's Life.

A Christian man's life is laid in the loom of time to a pattern which he does not see, but God does, and his heart is a shuttle. On one side of the loom is sorrow, and on the other is joy, and the shuttle, struck alternately by each, flies back and forth, carrying the thread, which is white or black, as the pattern needs. And in the end, when God shall lift up the finished garment and all its changing hues shall glance out, it will then appear that the deep and dark colors were as needful to beauty as the bright and high colors.—Henry Ward Beecher.

### Education.

Education is not mere learning or the acquisition of knowledge—the acquisition of a treasure to be laid up in the mind and to remain there without living energy. Education is the cultivation and development of thinking power, and a man who has not secured for himself this has so far wasted the years of his education.—From "Thoughts of and For the Inner Life," a Volume of Sermons by Ex-President Dwight of Yale. Just Published.

## The Dewey Souvenir,

A handsomely engraved colored plate, containing excellent portraits of Admirals Dewey and Farragut and the American naval commanders in the Orient, forms the frontispiece of the book. In the center is a beautiful picture in colors of the Battle of Manila Bay, showing the position of each of the American and Spanish vessels and the scenery of the bay, drawn from official descriptions.

## Photographs

Of the leading American war ships and portraits of all the presidents are also shown. All the maps are fully and completely indexed so that it is possible in a moment to find any place desired. Population, area and other interesting information is given briefly and accurately up to date.

The map showing how the United States have expanded since the foundation of this government is one of the most valuable features of the book, as it shows

## UNION LABELS.

It should be a deep-rooted principle of all union workmen and union sympathizers, and particularly those members of the different organizations of East Liverpool, to buy nothing but Union Label goods, in preference to all others. And why not? If we ask fair wages for our labor, why should we buy goods made at unfair wages by others?

The Union Label in every industry is a guarantee of fair wages, decent working hours, and union labor employed.

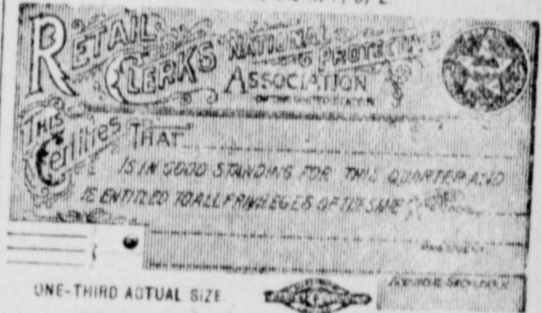

### UNION PAPERS.

All Union papers of East Liverpool are known to the various craft and unions of the city by the printing of the above Union Labels at the head of their columns

### PATRONIZE UNION CLERKS.

All members of the R. C. N. P. A. can show this card Ask for it when making your purchases. Endorses the A. F. of L.

### UNION MADE BOOTS AND SHOES.

The Boot and Shoe Workers' union is the national head of the trade, and is a new combination of all the branches of boot and shoe workers. The above trade-mark when found on the sole or lining of a boot or shoe, is a guarantee that the same is made by union labor. Look for the above design stamped on the sole of every pair of boots or shoes you buy.

### CUSTOM TAILORS' LABEL.

The Journeymen Tailors' Label is to be found in the inside breast pocket of the coat, on the under side of the buckle strap of the vest, and on the waistband lining of the pants. It is printed in black ink on white linen.

### UNION MADE CLOTHING.

You will find the linen label attached by machine stitching to the inside breast pocket of the coat, on the inside of the buckle strap of the vest, and on the waistband lining of the pants.

### BICYCLE LABEL.

"Do unto others as ye would that others should do unto you." You will endorse the "Golden Rule" by buying and riding bicycles bearing this Label. The colors are as follows: The Union shield is in red, white and blue, on a background of pea green, bordered by gold. The Label will be placed on the upper front side of the tube that receives the seat post.

### UNION BREAD AND CRACKERS.

This is a full size facsimile of the Label of the Bakers' and Confectioners' union. It is printed on fine white paper and is pasted on each loaf of union-made bread. It is an evidence that the bread is made under fair and wholesome conditions, and in clean and healthy bakeries. Following is the confectioners' and crackers' Label:

## BRISK TRADE HOLDS UP.

Industries Still Supported by Greatest Volume of Business Ever Known. Heavy Transaction in Rails.

NEW YORK, Oct. 28.—R. G. Dun & Co.'s weekly review of trade issued today said in part:

Fears and not facts made a war in South Africa seem a menace to prosperity here and a week of conflict has cleared away the fear. British markets for securities have been helped by the belief that mining shares would be worth more with no Boer control in mining regions, and large purchases here of ammunition, packed meats and other army food have swelled the balance due this country. Money markets have grown less embarrassing, stocks have gradually advanced, industries are still supported by a volume of demand for which no precedent can be found, and payments through the principal clearing houses for the past week have been 36.6 per cent larger than last year and 57.5 per cent larger than in 1892. So great an increase shows the net result of many and potent forces making for public prosperity.

The heaviest transactions in steel rails ever made so early, cover 1,500,000 tons for next year's delivery, or two-thirds of the entire annual capacity of the works. The Pennsylvania is said to have taken 105,000 tons at \$33, but at the leading railroads made large purchases, and the price was then advanced to \$35 per ton, the same works having been delivering during the past year at \$18 to \$19. Great contracts for material follow, one concern having bought 100,000 tons Bessemer pig at Pittsburgh, for \$23, while \$24.50 is paid for early deliveries, and 50,000 tons billets were sold to one concern there and 30,000 tons at Wheeling, \$38.50 being quoted, with slabs at \$39.50 and sheet bars at \$36. Such transactions only show the general belief that high prices will run far into next year. For structural work, many orders appear, including some of consequence for the east and for Cuba, and in cars the car and implement demand makes the Chicago market very strong, but at Pittsburgh works anxiety for future contracts has depressed the price to 2.15 cents, and in plates some works have nearly caught up with contracts and are accepting 2.75 cents. Sheets are also weaker, 3.05 being quoted at Pittsburgh, as the proposed combinations seems to have failed.

Coke holds strong, shortness of cars hindering deliveries, though more over than ever before are producing.

Buying of wool has been heavy at Boston, 10,071,200 pounds for the week, and at the three chief markets, 13,579,837 pounds, making 42,928,289 pounds in four weeks, against 36,394,090 pounds in 1897, when the last great speculation was on foot. Many mills are now buying which have recently started after long idleness, besides the American Woolen company, with others, which have bought largely before, while foreign quotations and some British buying of Australian and South African wool stimulate the market, though prices are not notably higher. The demand for goods improves, and a great season is confidently expected.

Wheat remains practically unchanged, while Atlantic exports, flour included, have been 12,932,841 bushels in four weeks, against 13,483,056 last year, and Pacific exports 2,197,771 bushels, against 3,124,306 last year. Western receipts fall short and in four weeks have been only 30,022,053 bushels, against 40,150,699 last year. Without concert there is probably some waiting for better prices by farmers. Corn exports continue to show the magnitude of foreign demand for breadstuffs, reaching 14,478,711 bushels, against 8,546,972 last year, and the demand has been large enough to advance the price 1½ cents.

Failures for the week have been 19 in the United States, against 226 last year, and 23 in Canada, against 24 last year.

## PETTIGREW PRAISED AGUINALDO.

Called Him a Patriot and Hero in a Speech.

ABERDEEN, S. D., Oct. 28.—Reports from Senator Pettigrew's meeting at Woonsocket, credit him with having eulogized Aguinaldo as a patriot and hero. He never once referred to the achievements of the South Dakota regiment in Luzon or mentioned its homecoming. At the conclusion of this portion of his address, he said:

"I am ashamed of my country; I would pull down the flag and go back and blot out recent history if I could."

## Injured in a Collision.

DETROIT, Oct. 28.—Of the score of passengers in the Mt. Clemens suburban car who were injured in the collision at the Belt line crossing, the condition of but two is considered dangerous. John Niederhauser, who was injured internally, rested easily. Louis Kreis, who is suffering broken ribs and injured kidney, is almost certain to recover.

## Pennsylvania to Take Control.

COLUMBUS, Oct. 28.—Definite an-

nouncement was made that the Pennsylvania company will assume full control of the Cleveland, Akron and Columbus road on Nov. 1. H. W. Byers from the Pittsburg, Youngstown and Ashtabula will be the new superintendent, with division headquarters at Akron.

## FEDERAL LABOR UNION

**Elects Officers Last Night and Orders the Strike at the Foundry.**

Federal Labor union, No. 6785, A. F. of L., met last night and elected the following officers to fill unexpired terms: Vice president, Frank Hale; financial secretary, J. F. Fisher; guard, J. A. Jones; guardian, Ed Patterson; trustees, C. W. Brownfield, W. M. Murray and Talbert McCain.

The trouble at the Patterson foundry was explained, the machinists asking 28½ cents an hour, nine hours to constitute a day's work and one apprentice to every four journeymen. Mr. Patterson, as president of the concern, had been seen, but he refused to grant the demands. The union then ordered a strike.

Moulders are working at both plants and they are members of the Beaver Falls local, and have been ordered out, but are waiting, it is said, until the machinists' trouble is settled.

## MACHINISTS STRIKE FOR HIGHER WAGES.

**Seven Employees at Patterson's Foundries Ask For Advance and Shorter Hours.**

The machinists at the Patterson foundry on Walnut street struck this morning. The men demand 28½ cents and 9 hours to constitute a day's work. Mr. Patterson was seen this morning and in speaking of the matter said: "We are paying more than any of our competitors. The men are demanding enormous concessions, which we cannot grant. We are paying as much now as possible."

The machinists decided to strike at a meeting held last evening in their rooms in the Exchange block. Those who are out are Tal McCain, E. J. Jones, William Murray, Ed Patterson, John Peck, Frank Hale and Jay Fisher.

## LIBRARY DIRECTORS MEET

**And Hear a Report of the Treasurer and Order Another New Book.**

The library directors met last evening and heard the report of Treasurer Warner. It showed that \$1,265.98 had been received since the first of the year and \$1,134.80 expended, leaving a balance in the treasury of \$131.18. The book committee were instructed to purchase "Seats of the Mighty," and an order was drawn in favor of the News Review for \$7.50. It was decided to adopt a new system of shelving and the Lisbon system will be investigated. Superintendent Rayman and C. W. Brownfield were appointed a committee to investigate and ascertain what it would cost to have an expert come here and label the books under the Dewey system.

## SALE OF BONDS.

OFFICE OF CITY CLERK.  
EAST LIVERPOOL, O., Oct. 28, 1899.  
SEALED proposals will be received at this office until

**TUESDAY, the 28th Day of November, 1899,**

at 12 o'clock M., for the purchase of twenty bonds of the city of East Liverpool, Ohio, bearing date the first day of December, 1899, and payable in twenty (20) years from date of issue, each bond being for the sum of one thousand (\$1,000) dollars and bearing interest at the rate of four (4) per centum per annum, payable semi-annually, both principal and interest being payable at the Ninth National Bank, New York city.

Said bonds are issued for the purpose of acquiring the real estate necessary for the erection of a public library and in pursuance of Sections 2835-36-37 of the Revised Statutes of Ohio and of an ordinance entitled, "An Ordinance, No. 607, to provide for issuing the bonds of the city of East Liverpool, Ohio, for the purpose of acquiring the real estate necessary for the erection of a public library," passed the 26th day of September, 1899, authorizing their issue.

Bidders will be required to state in writing and in figures the gross amount they will pay for the bonds bid for in addition to the accrued interest at the date of delivery, and no bid will be accepted for less than par and accrued interest at date of delivery.

Each proposal must be accompanied by a certified check on some national bank for one per cent of the amount of the bid, check to be made payable to the order of the Clerk of said city, as a guarantee that if the bid is accepted the bonds will be promptly paid for when delivered, otherwise said deposit to be forfeited to said city.

The City Council reserves the right to reject any or all bids.

Proposals should be addressed to  
J. N. HANLEY,  
City Clerk.
